WANTED

Hay, Grain, fruit, in short, All Kinds of Farm Products

We have contracts for 600 tons of hay. We must have the hay to supply our customers. We will pay the highest market prices, spot cash, for all goods. We will also want a great deal of oats, and other grain as soon as they are ready for market. We are ready, at any time, to contract your late winter apples, as we will want a great number of cars to supply our trade. At the present time we are taking a limited amount of small fruits, potatoes and all the fresh eggs you have.

Call on us before You make any Arrangements in Marketing your goods

We have a nice lot of hay and oats in our warehouse which we offer to the local trade in a retail way, at wholesale prices. We have a car of Fancy fresh water melons from Milton, Oregon, due here tomorrow morning. These will be the finest of the season on this market. Buy your melons now while they are good, as the melon season will soon be over for a year.

Boost for your town, your valley, your county and your State. None are superior in any respect.

The roads are simply perfect now. It is a pleasure to drive anywhere in the valley.

With Tatt and Bacon, a few warships and General Funston at hand, that Cuban row should be fixed up instantly.

Lots of home people did not fully realize the extent of this valley's resources until they read the facts in cold type in the OBSERVER'S Industrial Edition.

Russian office-seekers are now falling over each other in an effort to get the place made vacant by the death of the late M. Trepoff.

Stensland, the bank wrecker, keeps going down in the criminal scale. His offense is no longer even dignified by the term embezzlement, it is just plain, coarse stealing.

The recent rains played havoc with the hop fields in the Coast counties. Good old Grande Ronde Valley took a drenching without financial loss worth mentioning. In fact, the rain helped the beet crop.

The deer season is open yet, we have not tasted venison this year--not even had a bear steak for that matter. We publish no more hunting stories until somebody shows us.

A Tennessee editor says that his favorite poem is "Crossing the Bar," and that he believes America's leading orator to Senator Beveridge, of Indiana. He regards a distillery as being the greatest and most valuable industry a town can land.

A woman in Chicago gave up to the authorities some \$400,000 of the currency Banker Stensland stole. He had intrusted it to his fair friend for safe keeping. Evidently he told her it was a secret, and of course, being a woman, she could not keep a secret. The depositors are glad she produced the money, and Stensland really doesn't care just now, he is on the high seas enroute home and has not yet learned that the district attorney has his ill-gotten coin.

THANK YOU

The editors of the OBSERVER would be less than human if they did not admit feeling highly gratified at the public's reception of the Industrial Edition which appeared yesterday. The practically unanimous appreciation of the merit of the edition as a means for calling the attention of the outside world to the resources and advantages of this valley is a reward to us far above the satisfactory financial returns. The edition was fairly profitable to this office, and we sincerely believe it will bring great returns to the Valley.

Our object throughout has been to put the edition on a high plane, and we believe that it contains less matter open to criticism than any special edition that has appeared in this section. There are no portraits, no biographical sketches, no whisky advertisements, no patent medicine ads, but an abundance of clean, truthful facts and authentic figures in regard to the Grande Ronde Valley.

To be perfectly frank, we are quite proud of this edition, and do not see at this writing how it could have been materially improved. So naturally, we accept as honest expressions the very flattering comments that have reached us from the public.

Pharmacists throughout the world have devoted their lives to the perfecting of Hollister's Rocky Mountain Tea. It contains the choicest medicinal roots and herbs known to modern medicine. Tea or Tablets, 35 cents. NEWLIN DRUG COMPANY.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. This remedy of nature, made entirely of roots, herbs and barks, antidotes and destroys the powerful virus of the disease and by purifying the blood of every particle of the poison and enriching and strengthening this vital fluid it removes every symptom and leaves the body in a strong, healthy condition. When the blood has been purified with S. S. S. the cure is complete, and not one vestige of the poison is left for future outbreaks. Do not waste valuable time, and damage your health with the mineral treatment but cure your case with S. S. S., an absolutely safe remedy. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral. Book with instructions for self treatment and medical advice without charge.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST
BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you. We are respectfully,

A. T. HILL
