The relay races at the fair will be one of the drawing cards. Every body likes to see a relay race.

The county fair opens next Tuesday and it is to be hoped that our present good weather will continue throughout next week.

There are a number of individual pumping plants on the Grande Ronde river and more are being added each year. Some use electricity, other gasoline.

We are getting almost enough automobiles in this country to effect a permanent organization for a "good roads movement." The bicycle when in the high of its popularity was a great factor in agitating and creating sentiment for good roads and the automobile will likewise.

There are not a few residents of this state who inwardly wish that the decision of the arbitration board of which Francis J. Heney, the land fraud prosecutor, is a member, may so please the United Railroads, that they might offer him such a princely salary that all future land fraud cases would have no attraction for him at all.

Straw days are common at this time of the year in Washington. Whole neighborhoods turn out and spread straw on the county roads to lay the dust. This policy has been followed for years in some localities to the great advantage of the public generally. Compared to that section, the Grande Ronde Valley has no conception of what a really dusty road means.

Secretary Taft begins to realize that there is more to the Cuban revolution than he did before personally visiting and meeting with the leaders of both sides. There is too much American money invested in Cuba to permit riot to run very long. Indirectly this government is honor bound to protect these interests. This is not only true of American investments but of English and German as well, as it has been thoroughly understood since granting the Cuban's their liberty that the United States would be responsible for their ability to uphold a stable government.

The county Sunday School convention which closed last evening was well attended and an unusual interest was manifest through every session. No one could help but receive an inspiration of the magnitude and responsibility of the work the Sunday school is capable of doing. The effect on the schools of this county as a result of this convention will certainly be noticeable.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST
BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you.

We are respectfully,

A. T. HILL
