# AMUSEMENT

## TONIGHT

The lights will all be on tonight. After a season of darkness Steward's Opera House will be a blaze of glory tonight. The opening bill will be the "Millionaire Tramp" and a better selection for an opening play could not have been made. Manager Steward in making this selection did not fail to take into consideration the desire and opinion of the patrons of the house, and believes that if the naming of the opening piece could have been left to a popular vote the choice would have been "The Millionaire Tramp." The press without exception has spoken well of the piece, and La Grande patrons are sure to be well pleased with the production

## NEXT FRIDAY

A remarkable union of a fine play with brilliant scenic achievements. "On the Bridge at Midnight," which is to appear here for one night only Friday Sept. 28 will present the famous reproduction of the Chicago jack-knife bridge alone and the rest of the play is dressed out as carefully. But they were well aware that the play is the thing and the result is that the scenery, with all its excellence is only a fine detail of a story of deepest interest, originality and plenty of romance humor and pathos. In order to present the production as it should be the management has secured an unusually competent company, including clever comedians. The marked success of the play gives it the stamp of unquestionable merit and will undoubtedly be one of the best attractions of the season. There is certainly nothing on the road like the bridge scene in striking interest and perfection of detail.

## THE PIANO RECITAL

Central Christian Church was packed with an enthusiastic audience Monday night to listen to the recital given by Mr. Louis Bruce, assisted by Mr. C. P. Ferrin tenor, and Miss Bertha Young, violinist under the auspices of Eilers Piano House. Mr. Ferrin was in excellent voice and his singing of Mascheroni's "For All Eternity" and Gaul's "Holy City" was very much enjoyed.

We have heard piano players before but never such music as this. It was easy for one to close his eyes and imagine he was listening to a great artist playing Gottschalk's Tender Sent Hope, Herbert's dainty Badinage and that wonderful work of the great master Liszt Hungarian Rhapsodie No. 2

Another surprising feature was the beautiful way in which the accompaniments for the soloists were played with the Pianola Piano allowing them every latitude of expression.

This is a range of marvelous inventions and the Metro style Pianola Piano is certainly one of its greatest achievements.

## MONDAY, OCTOBER THIRD

At Steward's opera house, will be heard the Spence-Strachan high class Scotch concert company. There will be song and story of places of international interest. Tickets, seventy-five cents.

## JOHN I. AGAIN IN THE RING

(Scripps News Association)  
Union City, Tenn., September 26.—Probably the most interesting entertainment feature of the Union county Fair, which opened here today and will continue for three days, is the daily sparring contests between John L. Sullivan, the world's famous ex-heavy weight champion, and his sparring partner. These exhibitions promise to be one of the most powerful attractions and will take place every afternoon in the specially prepared ring.

## WALL FALLS UPON WORKMEN

(Scripps News Association)  
San Francisco, Sept. 26.—While a body of workmen were tearing down a ruined wall this afternoon at the corner of Kearney and Pine, the wall fell completely covering fifteen of the men. So far, one dead and two injured have been removed. It is thought that others are dead.

## THEN—AND NOW

We all know the typewriter has come to stay. We discovered that long ago. It is only a question which typewriter, for the word is well and truly used in the singular sense.

The typewriter that has come to stay is not the one of ten years back, when innovation caused such a stir in business circles. Then nobody ever thought of associating the word "alignment" with a typewriter; it satisfied the user so long as the machine would write some fashion or other, and with constant break-downs ever-present repair bills were paid smilingly. But things are different now. Time tests all things. The business man has become wise. He wants what he pays for. He has learned the value (from dearly-bought experience) of a machine which will write properly, not only the day it is bought, but perpetually. He also wants to be satisfied upon the peculiarities of the many machines now before the public. The individual claims of our product places its position beyond

all question, and the few particulars we give on the following pages will, no doubt be found of interest to those buyers who "want what they pay for"

## ABOUT THE OLIVER

The No. 3 Model, which has secured such a firm foothold on the universal markets, constitutes what is reckoned as the most perfect typewriter possible.

## WHY?

Here is our answer—

**IT WRITES IN SIGHT**  
There is no carriage to lift; no constructional parts to peer over. Your work is there—right before you.

**ALIGNMENT**  
Each type-bar is a double or U-shaped one and the alignment is secured thereby. No slots or so-called "guides" are necessary to preserve the alignment of the Oliver. The U-shaped type-bar does it.

**SIMPLICITY**  
In the construction of the Oliver less than one-half the usual number of parts is employed, consequently what there is to learn is learnt quickly.

**MANIFOLDING**  
The freedom of the Oliver type-bar permits of any desired force, so that in heavy manifolding equally good results are obtained first to last copy. From one to twenty copies can be made simultaneously, without materially increased exertion.

**STENCILING**  
No extra-heavy touch is needed to cut a perfect stencil on the Oliver. The ordinary touch is sufficient, therefore all risk of "cutting out" is avoided. The type of the Oliver cut the finest stencils possible.

**OPERATION**  
The Oliver never tires. Its operation is a pleasure, even when used without intermission. Its touch is beautifully elastic and most responsive. The fastest operator cannot overtake its speed.

**NON-LOCKING TYPE-BARS**  
The type-bars of the Oliver cannot lock, no matter how many keys are depressed at one time.

**TYPE CLEANING**  
The type of the Oliver are not, as with other machines, cleaned individually, but collectively, and the ease with which this cleaning is done makes excuse for dirty type impossible.

**LINE RULING**  
Lines, either vertical or horizontal, and in any color, may be ruled upon paper whilst it is in the machine, and without the aid of a ruler. Ordinarily, any necessary ruling is left, of course, until it can be done in the usual way, but is usually forgotten.

**REMOVABLE CARRIAGE**  
The carriage is removed from the machine (for cleaning and other purposes) instantly, without manual interferences with any fastenings whatever, and is just as easily replaced.

**PAPER RELEASE**  
By a single movement absolute freedom is given to the paper, leaving it to be either straightened or otherwise moved in any desired position. No force is necessary, consequently no soiling or tearing of the paper occurs.

**CARD WORK**  
The Oliver typewriter will feed the stiffest and stoutest card as easily as a single sheet of paper.

**A WORD ON INVOICING**  
If there is anything which demonstrates to the full the value of the Oliver for tabular work, it is invoicing. To those users of hidden-writing machines who attempt to satisfactorily prepare invoices thereon, the futility of such a task must surely be apparent. Mechanical contrivances (known as "tabulators") have been devised, it is true, to assist them, but so much time is lost in "setting" the mechanism to which must be added the constant raising of the carriage (occasioned by the operator's lack of confidence in the tabulator), that the invoice could very well be written by hand in half the time.

Furthermore, tabulators on other than Oliver typewriters, interfere very seriously with vital parts of the typewriter itself, rendering it very unreliable for ordinary use. The Oliver is the ideal machine for invoicing. With its visible writing, permanent printing point, indicator and perfect release key, margins are instantly found and maintained—all with greatest simplicity. No tabulator is necessary on the Oliver, but, if one is wanted, we supply the best tabulator made. Bear in mind, however, that we save extra cost and give better results.

Again, with the wonderful manifolding power of the Oliver, it will make as many copies of an invoice as required, and every copy clear and distinct. The use of an Oliver for invoicing insures—  
Speed, legibility, efficiency, economy, neatness and regularity.  
The Oliver is already adopted by some of the largest business houses for invoicing as well as correspondence purposes, further particulars of which we shall be pleased to furnish on application.  
NEWLIN DRUG COMPANY, Agents.

It brings to the little one that priceless gift of healthy flesh, solid bone and muscle. That's what Hollister's Rocky Mountain Tea does. Best baby medicine on earth. Tea or Tablets, 35 cents.

## TRESPASS NOTICE

Notice is hereby given that all parties are hereby warned not to hunt, fish or trespass on any or all of my lands.  
A. B. CONLEY.

## CALL FOR BIDS

Notice is hereby given that the undersigned will receive sealed bids up to and including the Third day of October, 1906, for the construction of a wooden (combination) bridge to be built over the Big Ditch on what is known as the Randall Road, said bridge to be built in accordance with the plans and specifications now on file in my office.  
Sealed bids will also be received on or before the above mentioned date for the construction of a steel bridge over the Grande Ronde River near the mill site of the Palmer Lumber Company near La Grande, Oregon. Said bridge to be a 100 foot span, 16 feet in width, with first class concrete abutments, a good quality of steel and shall be built 10 feet above the bed of the river. Each bidder is required to furnish his own plans and specifications for said bridge.  
The County Court of Union County, Oregon, reserves the right to reject any or all bids.  
Dated at La Grande this 11th day of September, 1906.  
J. B. GILHAM,  
County Clerk.

## LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.  
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.  
Opposite the Foley House over the candy store. Phone 473.
