### DR. MOORE RETURNS

Dr. and Mrs. F. E. Moore returned last evening from their Eastern trip, after an absence of two months. During the trip they visited Duluth, Minn., going from there to Put-In-Bay, Ohio, by way of the Great Lakes. Chicago and Detroit were then visited. Lake Minnetonka near Minneapolis was visited a week. From there they went to Kirksville, Mo. At that city they spent several weeks as guests of Dr. Still, the founder of the science of osteopathy. While there, Dr. Moore did some post work in osteopathy, attending regular classes and witnessing surgical operations. Dr. and Mrs. Moore are both graduates of this institution and aside from the pleasure of the visit to their former school, they learned many of the new developments the science of osteopathy has made. Kansas City was also visited and in Oswego, Kansas the tourists spent a week. Several towns in Idaho were briefly visited.

Dr. Moore is greatly refreshed physically and is ready for another year of hard continuous work. He will be at his office Monday morning where he can be permanently found.

### PRISONERS SAW OUT OF PENDLETON JAIL

Pendleton, Or., Sept. 28.—A sensational jailbreak occurred here last night between 2 and 3 o'clock, when three prisoners in the county jail escaped, after sawing through a cell, two padlocks and an iron-grated window. The prisoners in the plot are Robert Weddle, facing a trial for highway robbery near Echo; James Kennedy, sentenced to one year in the penitentiary for embezzlement, and Guy Young awaiting trial for larceny. The escaped men and two others were confined in the upper cells in the jail. They had been provided with a steel saw, which enabled them to cut a section from the corridor of the cell large enough to go through and drop to the floor below. Then they sawed through a padlock to the bathroom, and escaped from the latter room by sawing through a bar in the grate.

The break was discovered this morning at eight o'clock, and the chase commenced, information being telephoned to all surrounding towns. None of the men had been found at noon. All three are small sized, enabling them to escape through a small space.

### CONVICTED OF HORSE STEALING

Baker City, Sept. 28.—After deliberating 26 hours the jury yesterday returned a verdict of guilty against Henry Cannon accused of having assisted in stealing a horse owned by Ollie Rutherford from the young woman's home near Huntington. Coupled with its verdict of guilty was a recommendation from the jury that the young man be shown the mercy of the court. It was thru this provision that the compromise upon a verdict was finally made.

### ABOLISH HAZING AT

#### OREGON UNIVERSITY

University at Oregon, Eugene Sept. 28.—President Campbell states that hazing must be abolished at Oregon and the sophomores are doing some hard thinking. Last year the cap rush was abolished by the action of the underclassmen and the year before that the junior day rush.

This year the faculty will attempt to have the students abolish the initiating performance but the president says if they don't the faculty will have to compel the custom to stop.

In this country the demand for the eradication of the old custom is increasing. Its backers claim that the practice is brutalizing to the practitioner and that such usage in American would not be allowed in any way but a college.

### A FINE PAPER

The Boomerang is in receipt of a copy of the industrial edition of the La Grande Evening Observer, sent to this office by A. C. Dunn, a former well known resident of Albany County. Mr. Dunn left Laramie some few months ago to reside at La Grande where he has two sons in business. We are pleased to note that Mr. Dunn has certainly located in a prosperous community and is well pleased with his new home.—Laramie (Wyoming) Boomerang.
