The city of North Powder is out of debt and has \$500 in the treasury.

This will be a busy week. Circuit court is in session. County court also and on Wednesday evening the city council meets.

Rally Day in the Sunday schools, was a decided success and the attendance yesterday, was a record breaker in the history of La Grande.

There is considerable more building going on in La Grande this season that many who have not driven over the city would expect to find.

It is announced that Mr. Bryan in company with Samuel Gompers, the labor leader, will stump the state ticket of Washington. The object of Gompers' visit is to defeat, if possible, the re-election of Congressman Jones.

Reports from the sugar beet fields are encouraging. The yield in most instances are quite satisfactory and there will be more record breaking crops than usual. The labor question is the worst difficulty but that is not as serious as was expected earlier in the season.

The parcels post convention with Denmark went into effect today. It provides for the exchange and transmission thru the postal services of both countries of parcels which weigh no more than four pounds and six ounces nor measure more than three feet six inches in length and six feet in length and girth combined. The value of the parcels carried is also limited to \$50.

United States civil service commission is today holding examinations to secure eligibles from which to make certification to fill vacancies in the position of constructing engineer in the Reclamation Service of the Geological Survey, at \$150 to \$250 a month. The great majority of these positions are for field service in the western part of the United States and in places remote from cities and ordinary lines of transportation.

The commission that experienced considerable difficulty in securing eligibles for this position.

## ADVICE TO A YOUNG MAN

Remember, my son, you have to work. Whether you handle or pick or a pen, a wheel barrow or a set of books, digging ditches or editing a paper, ringing an auction bell or writing funny things, you must work. If you look around, you will see that the men who are most able to live the rest of their days without work are the men who work the hardest. Don't be afraid of killing yourself with overwork. It is beyond your power to do that on the sunny side of thirty. They die sometimes but it is because they quit work at 6 p.m. and don't get home until 2 a.m. It's the interval that kills, my son. The work gives you an appetite for your meals; it lends solidity to your slumbers; it gives you a perfect and grateful appreciation of a holiday.

There are young men who do not work, but the world is not proud of them. It does not know their names even; it simply speaks of them as "old So-and-so's boy," nobody likes them; the great busy world doesn't know they are there. So find out what you want to be and do, and take off your coat and make a dust in the world. The busier you are the less harm you will be likely to get into, the sweeter will be your sleep, the brighter and happier your holidays, and the better satisfied will the world be with you.—Robert Burde t.

NOT BETTER THAN THE BEST  
BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you.
