Circuit court has brought quite a number of people to town, either in the capacity of jurors, witnesses or litigants. Under present conditions the fall term of our circuit court should meet one month later. It is quite a hardship for many of the farmers to be compelled to act as jurors at this season of the year. In not a few cases it often happens that they are not through threshing.

On Thursday of last week Dr. N. Mollitor purchased thru W. K. Davis, the new \$1,000 Weber Pianola Piano, used by Mr. Bruce at the recital given in the Central church last Monday evening. THRESHER BURNS

Wm. Gillett, who brought his steam threshing outfit over from Umatilla county, suffered a loss Sunday evening while threshing on a farm near Nibley. The separator and derrick was a total loss as well as about one half a stack of barley. They had just blown the whistle and part of the crew was in the act of leaving when the blaze was discovered. Aside from the personal loss to the owners of the machine and grain, this will reduce the number of machines, which means those who had expected Mr. Gillett to do their threshing, will now have to look elsewhere, and as all of the machines are well supplied with orders, these may have their harvesting delayed.

FINE PEACHES

J. W. McAlister left the Observer office a box of as fine peaches as any one could desire, either from appearance or flavor. This is his first crop which consisted of about forty boxes, but from this time on he certainly will have quite a surplus over and above home requirements. Grande Ronde valley is becoming quite a peach country.
