Hundreds of prunes will go to waste in Lane county alone for lack of drying facilities.

For governor of Colorado the republicans have nominated Philip B. Stewart and the democrats Alva Adams.

It is stated that Senator Tillman has 2000 varieties of roses on his South Carolina estate. And he turns his pitchfork into a pruning hook when he goes out to cultivate them.

It is evident that there will be no cement walks built this year. That good start that was made last year should have been continued on Fir street and Jefferson avenue between Fir and Depot streets.

From a distance it looks as tho United States Senator Ankeny of Washington may have quite a fight before him to secure re-election. The interests of the Inland Empire are such that they might suffer more or less from a change.

There is apparently an epidemic among cattle in this valley which many term pink eye but Dr. Charlton the veterinary physician states it is eozotic ophthalmia. In many instances when not receiving proper treatment the animal loses one or both eyes.

In the war with Spain we sent Gen. Shafter there at the head of the army. Now we have Secretary of Taft as provisional governor. Both representatives tip the scale near the three hundred pound mark. After a while the Cubans will respect the men we send over to straighten them out if they do not our country. The chances are that they will respect both.

SLOW PASSING OF DEATH PENALTY

The death penalty is gradually being eliminated from the criminal codes of the various states. It is a slow process, but continued agitation and the trend of public opinion are making steady progress toward some other form of punishment for crime. Capital punishment is continued in 40 of the 45 states. One of the reasons why many influential people oppose the abolishment of the death penalty is that the crime of murder is increasing in many states. It is a lamentable fact that a large percentage of the murderers go unpunished, partly because juries shrink from condemning men to death. Many argue that the fear of the death penalty is a stronger deterrent from crime than life imprisonment. In answer to this it may be said that crime has increased in the states that have abolished capital punishment. The states where crime has increased are thickly populated, and are the places where it is nature to be expected. Chicago has more prisoners awaiting trial for murder than any other large city in the world, with the exception of St. Petersburg and Rome. A few weeks ago, according to the jailer of the county jail at Chicago, the number of prisoners awaiting trial for murder in the chief cities of the world was as follows: St. Petersburg 49, Rome 46, Chicago 35, Paris 26, New York 18, Berlin 8. There were none in Dublin, London or Vienna.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST
BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you.
