BUYING SILVER

(Scripps News Association)
Washington, Oct. 11—The director of the mint this afternoon purchased six hundred ounces of silver for delivery in lots for San Francisco, New Orleans and Denver. The price the government paid was 69 and 11 hundredths cents per ounce.

DIVORCE CONGRESS

The next divorce congress will be held at Philadelphia, Nov. 15. The congress will receive the model divorce statutes, the drafting of which was placed in the hands of a committee when the congress met at Washington last winter. The purpose is to secure uniform reform divorce laws in all the states. At the congress will be delegates from 41 states and representatives of the Church Union and other kindred organizations.

COME ON TIME

As the theatrical season has just opened here it would be well to call the attention of the patrons of the opera house to the fact that they can confer a great favor upon the management also the patrons by arriving at the theatre in time to become seated before the curtain goes up for the first act. Stragglers not only lose the benefit of seeing the first of the bill, but also prevent those who did come in time from receiving the benefits of their promptness. No one has the right to disturb others. Come on time or wait for the beginning of the next act.

STOCKMEN ATTENTION

All persons desirous of securing a grazing permit in the Wallowa and Chenimnus Forest Reserves for the grazing season of 1907, are hereby requested to be present at the stock meeting to be held at Wallowa, Oregon, Tuesday November 6, 1906, for the purpose of allotting the ranges. Mr. A. F. Potter, Chief of the Section of Grazing of Washington, D. C., will be present at this meeting to talk over the grazing situation with the stockmen.

All persons desiring a grazing permit for the season of 1907, are requested to be present in person, if possible, or by a representative, or your applications will be accepted by mail until November 15, 1906. Permits will be refused to all persons who do not file their applications by November 15, 1906, unless satisfactory reasons are given.

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 5 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

'NERVE TIRE'

I wish to call attention to two cases of "nerve tire," or nerve exhaustion, that recently came under my observation. Their similarity in certain ways was striking. One patient was a business man suffering from headache and constipation who slept very little and always awoke unrefreshed. He gave a history of a fall upon the end of the spine about three years ago, since which time he had been gradually "going down hill." When business was most exacting his brain seemed to refuse to work and a terrific headache resulted.

Upon examination I found considerable spinal tenderness the entire length with marked lesions (abnormalities) at the innervation of the digestive tract. It was evidently a case of nervous exhaustion from over-work with spinal lesions, weakening digestion and thus helping matters along. Correcting the lesions, with a short vacation, restored him so that he returned to business with no return of the trouble.

The other case was that of a woman who had used up her nerve force by too close attention to social affairs. I was called first because the menses failed to appear at the proper time. I found the same spinal tenderness with a marked lesion in the lower spine that would affect the menses. A few treatments corrected that trouble and a persistent course of treatment afterwards removed the spinal irritation and restored the tone to her system.

These cases are similar in that both patients used up more nerve energy than they produced. Both had spinal lesions that produced individual symptoms, the weakest parts of their systems. Both also responded to common-sense treatment.

The American people are a nervous race and drive themselves to do extra work by sheer force of will. The result is a breakdown at some point—at the weakest organ to be affected. These abnormalities make people more liable to wear-and-tear just as any other machine that does not run smoothly. The indicated treatment is always an adjustment of the machine and moderation in its use. Such is the kingdom of Osteopathy.—Osteopathic Health.

STARVING TO DEATH

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health Tonic on earth. 50c. Guaranteed by Newlin Drug Company druggist.
