### HILGARD FLASHES

Miss Mabel Graves of the Home Finding Society for Idaho and Oregon, organized a board at this place.

Mr. Casey and family, who moved to Pendleton, are again to be residents of Hilgard. They moved back Tuesday.

The steam shovel crew of the O. R. & N. which has been located here for quite a while expect to immigrate to other parts this week.

The O. R. & N. is making some striking improvements west of Hilgard, up the canyon. They have constructed a new public road for the county on the south side of the track which is well built and is one of the most picturesque parts because it is built on the side of the mountain. They built this stretch of county road that they might fill in one trestle.

Mr. E. E. Bragg, county superintendent, was a very pleasant caller of the Hilgard schools Tuesday morning. The teachers and pupils have a warm place in their hearts for Mr. Bragg. There are about forty-eight pupils.

Miss Greta Breckenridge of La Grande is now assisting Mr. Lewis as P. M. at this place.

The autumn time has come. The fall time of the year, O heart be frolicsome.

And drive away thy fear;  
For it is the time,  
When poets write in rhyme,  
About the golden leaf,  
And the garnered sheaf;  
Let's bathe in colors gay,  
O soul along the way.  
Vale.

### Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.
