

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, stagnant vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

Chamberlain's Cough Remedy

A Safe Medicine for Children.

In buying a cough medicine for children, never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it, and relief is always to follow. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine in the world for these diseases. It is a certain cure for croup, and, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when the remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult.

BLUE MOUNTAIN CREAMERY BUYS THE GAZETTE BUILDING

Last Saturday a deal was closed where by the Blue Mountain Creamery Co., purchased the Gazette building from the La Grande Investment Company. The business of the Creamery company has been steadily growing and the directors realized that their present quarters were inadequate to properly handle the business. Consequently the transfer was made.

E. E. Harper president of the company said this morning the office would probably be transferred at once, but the flooring of the Gazette building would have to be repaired before the heavy machinery

could be installed. There is but one section of the creamery's new home unoccupied, and it will be a month or more before the present tenants of the two other sections will be removed. However, it will not be long until the creamery will be in full blast in the new quarters and in position to handle the largest buttermaking trade of these counties.

J. W. Bush, formerly an expert butter-maker for the company, will now be their traveling representative and will use his large experience and thorough knowledge of buttermaking in enlarging the already extensive business of the firm.

LARGE EAGLE

Dayton, Wn., Oct. 15—Mr. Howard Holman, living several miles north of town, reports having seen the largest American eagle at his home Sunday that he ever saw and states that the bird must have measured 7 to 8 feet from tip to tip.

The eagle hovered over the farm for several minutes, and then suddenly swooped down on a large gander and killed it. Mr. Holman fired a volley of bird shot at the eagle and then ran into the house for his Winchester, with which he took another shot, but failed to hit the bird, which escaped without its prize.

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick woman hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Bowles, of Watts, Irrell Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your 'Pleasant Pellets.' I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old and never got along as well in my life. I can't praise your medicines enough."

Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. P. S. Douglas, of Mansonville, Broome Co., Quebec. "During the first four months when I looked forward to becoming a mother, I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble. I could not do any thing before, I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 5 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

La Salle Street Station—Used by Rock Island-Frisco Lines.

Have YOU ever been in CHICAGO?

If so, you know the extremely convenient location of La Salle Street Station.

If you are a stranger in the city, however, it is of great importance that you learn about this magnificent and comparatively new terminal, used jointly by Rock Island-Frisco Lines.

It is nearest the heart of the city—closely adjoining the business section—within easy walking distance of State Street shopping center and all the principal hotels—the only depot on the elevated loop.

The Rock Island right-of-way into Chicago is elevated for more than eight miles out through the suburbs. Prompt arrival at Chicago terminal is thus assured. Englewood Union Station, seven miles out, affords ready access to southern suburbs—all through trains stop there.
