SEATTLE PREPARING FOR THE BIG FAIR

To be Known as the Alaska Yukon Pacific Exposition— Three Years Hence.

Seattle, Oct. 20—A ten million dollar fair three years from now—that's what the town of Seattle, the state of Washington, and the Pacific Northwest are looking forward to. The start has been made, a wonderful start, by the raising of \$650,000 in one day thru the sale of stock in the exposition corporation.

October 2 was a glad day in Seattle the biggest day the Washington metropolis ever had. It was known as Subscription Day, the Mayor, by proclamation, made it a holiday, and the slogan "Everybody Helps," adopted by Will H. Parry, chairman of the ways and means committee, was made a reality.

There was a constant flow of checks and gold up the elevator to the fifteenth story of the Alaska building, where the temporary headquarters of the exposition have been established.

The fair already gives promise of a scope yet unattained by western enterprises. The name, Alaska-Yukon-Pacific Exposition, contributes an idea of the general nature of the show. It will be primarily an Alaska fair, held to exploit to the world the resources of the little known northland and in this connection will be gathered the most remarkable mining display ever shown at a world's fair. The gold that made the country originally famous will be told of thru specimens and photographs and machinery, and the other ores more recently discovered, will have proper representation. And more important, the agricultural and industrial possibilities will be effectively expiated.

Besides Alaska, the great Yukon country will contribute samples of its untold wealth, and the islands of the sea will show their marvels.

PURE CANDY IS WHOLESOME

McDonald's candies are pure. Therefore wholesome. They can be had pure fresh and delicious at Scheurer's.

They Stand Alone.

Standing out in bold relief, all alone, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

One of the principal objects of the exposition will be to bring together in trade the shores of the Pacific. With a population ten times as great as the United States, occupying a territory three times the size of Uncle Sam's domain, Asia and Oceania produce enormous quantities of wares which Americans might use, while on the other hand, they need millions of dollars worth of goods made in America. To bring the two together, thru the medium of exhibits, will be the object of the Seattle fair.

State participation in the the Alaska-Yukon-Pacific Exposition is already a certainty, and the United States Government is counted upon to put a building or series of buildings, and make a display worthy of the richness of the land.

The western states learned thru the Lewis and Clark fair held last year, the advantages to be gained thru generous participation in national exhibitions, and can be counted upon to make even better displays than those which helped make the 1905 show attractive. Oregon is certain to have a fine building, stuffed with products, and California, always a good show state, will be there. Idaho, Montana, Wyoming, Utah, Colorado and the other states, as well as the British possessions to the north, will be adequately represented.

With nearly three years remaining before the exposition, beginning of preparation has already been made. The Washington University grounds, comprising 365 acres, bordering on Lake Washington and Lake Union, have been chosen as a site, and landscape gardening will soon be begun. The site is situated twenty minutes' ride from the center of the city and is in every way adapted to its purpose.
