

Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.

Sir Thomas Lipton says that American women are the best in the world. We had Sir Thomas scooped on that information a long time ago.—Oregon City Courier.

The President has returned to Washington. Books are open as to where he will land first and hardest, Panama, Havana, or the Government printing office.

From the latest accounts it appears that the American army of invasion in Cuba now consists of two peace commissioners and a brigadier general.

Tom Watson says he is not going to write any more for Watson's Magazine because it owes him \$9000 in back salary. If all editors should hang up their pens for a little thing like that printing presses would adorn the junk pile.

HOW UNION FEELS

The Pendleton East Oregonian, in the issue of the 20th of October, predicts the early abandonment of the experiment Station at Union, and says: "It is now a standing joke in the Grande Ronde valley as to whether Walter Pierce of Hot Lake, or Tom Wright, of Union, will get the biggest slice of the farm when sold." If the big farm is to be sold, the best interest of the county and of Union will be conserved by cutting the farm up into small tracts and selling it out to men who will cultivate every inch of it. We have too many large tracts here already.—Union Republication.

WOMAN SUFFRAGISTS REJOICE

At a recent business meeting the officers of the National Woman Suffrage Association adopted the following resolutions:

Resolved that we rejoice in the endorsement of woman suffrage, since our last meeting, by the United Mine Workers of America, the International Brotherhood of Book-Binders, the International Brotherhood of Teamsters, the American Federation of Labor, the California, Colorado, Iowa, Indiana, Massachusetts, Maine, Michigan, Minnesota, New Hampshire, Ohio and West Virginia State Federations of Labor, and by the Democratic, Prohibition, Socialists, Independence League and Union Labor parties of California; in the granting of the full ballot to the two and a half million women of Finland, and the nomination for the Finnish Parliament of our friend, Baroness

Alexandra Gripenborg; and in the decision of the two Courts of Appeals of Florence and Ancona that the women of Italy have a right to vote.

LA FOLLETTE IN WISCONSIN

This year the state of Wisconsin no state tax was levied, the income from corporations and the increased tax on railroads making a state levy unnecessary.

Wisconsin is Senator La Follette's home and for the past ten years he has conducted a tireless campaign for better laws—laws which would place the burden of taxation on the large corporations where it belongs.

At last he has won a triumph which places Wisconsin in a unique class in the Union, as far as taxation and assessment is concerned.

Oh, for more La Follette—men with the backbone to stand up for principle regardless of corporation persuasion, bluff, or coin.

La Follette has achieved this triumph in Wisconsin against the opposition of nearly all the prominent party leaders having with him only the common people. He was turned down by the national Republican convention, but on appeal to the people of his state, was recognized.

La Follette is one of the big men of the nation.—E. O.

There is nothing that takes away the beautiful, womanly charms like a plodding stooped, awkward carriage. There is absolutely no excuse for that as long as Hollister's Rocky Mountain is made. Tea or Tablets, 35 cents. NEWLIN DRUG COMPANY.
