**LA GRANDE SCHOOL OF MUSIC**

PROF. DAY, PRINCIPAL.  
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments: No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

**TOWNS SPRINGING UP IN FIELDS**

(Scripps News Association)  
Yankton, S. D., Oct. 31.—The oldest and most seasoned boomers are amazed at the manner in which towns are springing up, like mushrooms in a night, in S. D. They are beginning planted by the Milwaukee and Northwestern extension and the Minneapolis and St. Louis railway companies. A field of wheat was inspected last spring by T. A. Way, town-side agent of the M. and St. Louis. It belonged to Chris Sternwedes. Stakes were driven to show where the streets were to be located and the building of the town immediately commenced. Now the town of Florence as it is called has its handsome brick buildings, its newspaper and all the other appurtenances of a full grown municipality.  
The same thing occurred at Wallace, Brentford, and Cresbard. A new town built, also in a wheat field is to receive its name today. The lines are being rapidly pushed forward and it is expected they will be completed to La Beau the western terminus by January 1.

**PROVISION WAGONS**

Two provision wagons passed thru La Grande this week enroute from Fort Walla Walla to Baker City where they will meet the troop which is now on its way from Boise, Idaho to Fort Walla Walla. The troop is unable to cross the mountain without additional assistance and the two wagons, drawn by six-mule teams, will assist the troop on its final two days' march.

**NOTICE**

The Blue Mt. Creamery Co. will discontinue their milk route after Oct. 31. This move on the part of the Creamery Co. has become necessary on account of the sale of the Spring Brook Dairy Herd by J. W. McAlister whom they had been getting their supply of milk, they have however secured the milk from Fred King's Jersey Herd in Old Town which will enable them to continue supplying all customers who are able to call at the Creamery for it. **CURE CATARRH NOW**

Do Not Wait Until Winter Or Disease Will Become Chronic  
Many people in La Grande are beginning to cough and hack with fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning, and they do not sleep well at night on account of disagreeable tickling and drooping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.  
If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.  
The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh, and coughs and colds will not bother you during the winter.  
Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. Newlin Drug Co., have sold a great many Hyomei outfits, every one with their personal guarantee that it costs nothing unless it cures and Newlin Drug Co., have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving this guarantee with every package.  
A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents.

**MALARIA AN INSIDIOUS FOE TO HEALTH**

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant pools, drains, sewer pipes, uncleanly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison. As its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.
