**TO BE A
DOUBLE
TRACK**

That the Union Pacific virtually will build a double track from the Missouri river to Portland, and this work will be well along by a year from this fall, also that the whole system will be protected by block signals, greatly increasing the safety of operation, is the announcement made by A. L. Mohler, vice president and general manager of the Union Pacific, who reached Portland this week. The Union Pacific is installing the electric automatic block signal system along its line. This work will be completed early in January and will cost over \$1,000,000, for which the railroad receives nothing except the satisfaction of added security to life and property. In this particular the Union Pacific will be in advance of all western lines.

THE CENTRAL RAILWAY

Since last week the Central Railway company has received twelve cars of steel, and the same has been laid this week at the rate of 3,100 feet per day. There are twelve cars more of steel on the way, which it is thought will complete the road to Cove. The company has plenty of ties, bolts, bars and spikes to complete the road to Cove and all that is needed is the next shipment of rails which is on the way and will arrive at any time. The work is going along nicely, considering the obstacles that have been encountered. The Hunt siding was put in this week, and sugar beets will be loaded at that point until such time as the road penetrates further into the sugar beet section. All in all, the Central company has made good headway this week, and will continue pushing the work as fast as possible.—Republican.

A NEW RECORD

A. N. Gardner broke the Baker City-Union speed record Monday, when he made the auto run from Baker City to Union, 40 miles, in one hour and forty minutes.—Republican.

**LA GRANDE SCHOOL
OF MUSIC**

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.
