BUSINESS AND PLEASURE STAND ASIDE FOR THE MAN WITH THE BALLOT TODAY

VOTING HEAVY IN ALL PARTS OF COUNTRY

(Scripps News Association)
New York, Nov. 6.—A record breaking vote is being cast today. The weather is perfect and the leaders predict that one-half the vote will be in by 11 o'clock. There is little betting, although it is apparent that a number of wagers have been placed on Hughes at four to one. There were lines of men waiting for the polls to open at 6 o'clock. There has been no disorder. Policemen are armed with warrants for those who have registered illegally, at each polling place. Sixteen arrests were made the first hour. On the East side votes are being cast at the rate of one a minute.

PRESIDENT VOTES 'ER STRAIGHT
Oyster Bay, Nov. 6.—President Roosevelt voted ballot number 94, in fifteen seconds. Apparently there was no time wasted in scratching and it is presumed that he voted a straight Republican ticket. He was followed by his private secretary and then drove with his cousin Mrs. J. M. West Roosevelt, to his special train and returned to Washington.

WASHINGTON DEERTED
Washington, Nov. 6.—Business is almost at a standstill in the government departments today. Every cabinet officer except Secretary Hitchcock is absent. About two thousand employees went to their several homes to vote. Of this number five hundred went to New York state.

QUIET IN IDAHO
Bose Idaho, Nov. 6.—Clear and bright weather prevails over southern Idaho today. It is cloudy over the mountain regions. Voting began slowly in the south of the state but other portions the registration is heavy.

GILLETTE SEEMS WINNER BY 20,000 MAJORITY

GILLETTE 20,000
San Francisco, Nov. 6.—At 3:30 this afternoon the Republican managers claim that they are justified in stating that Gillette will be elected governor by 20,000.

BELL SEEMS WINNING
San Francisco, Nov. 6.—Reports from twenty-seven counties up to noon indicate that Bell is showing unexpected strength and that his chances for being elected are one in four. In the Southern counties, contrary to expectations, Gillette failed in the support up to noon, that his managers expected. Many smaller counties in the North have sent in favorable reports for Bell while in the South, Los Angeles and San Diego counties are not showing a heavy Republican vote.

The general opinion in San Francisco that San Francisco county will go for Bell but whatever majority he may get here will be overcome or offset by the majority Gillette will get out of Oakland and other Alameda cities. Election returns from all over the state indicates fair weather and a light vote during the morning. Democrats are apprehensive about the socialists, who will have a heavy vote in many districts. It is considered, nevertheless, that the Democrats will elect a governor and a majority of the state ticket.

The contest outside of the governorship appears to be in the judicial ticket. Indications are that candidate Ruel for judgeship will be defeated.

AT COLUMBUS, OHIO
Columbus, Nov. 6.—It has developed that the liquor interest has lined up solidly for the Republicans. Party lines not very strong and the indifference of the temperance will most likely permit the Republicans to win.

ARRESTS AND DISORDERS ARE NUMEROUS

SERIOUS IN TENNESSEE

Memphis, Nov. 6.—Every politician in the city today defied the orders of Mayor Malone, and obeyed Vice Mayor Walsh. Governor Cox has been asked to order out the militia to enforce peace. Malone is supporting a reform legislative ticket and Walsh is with the liberals. When the mayor tried to assume control of the police and ordered a re-assignment of patrolmen, Chief Chaver refused to obey. The chief was promptly suspended and Captain Perry appointed chief. The men then quit their posts but were re-assigned by Perry two hours later. In the meantime Perry resigned saying his former chief's suspension was illegal. Malone then appointed Sergeant Hays chief and issued a statement saying the police would obey their new chief or he would remove their badges by force.

The mayor with the new chief, Hays, visited every ward in the city and personally ascertained that all but fifty of the patrolmen were obeying him. These were suspended but allowed to remain at their post.

JOINT STATEHOOD FAVORABLE
Denver, Nov. 6.—Extraordinary efforts are being made to get out a big vote. Reports from the state indicate that efforts have been successful. Betting still favors the Republicans. There is a slight indication that New Mexico as a joint state is favorable. There is excellent weather in both Arizona and New Mexico. Every report from that section points to the joint statehood between Arizona and New Mexico.

OFFICERS ARRESTED
Lexington, Ky., Nov. 6.—Police Captain Jenkins and Patrolman McGrary were arrested this morning charged with interfering with the election.

HEARST MAKING A STRONG RUN IN NEW YORK

LABOR VOTE HEAVY

New York, Nov. 6.—Independence League headquarters have issued a statement saying that committeemen report gross frauds in Herkimer county. Warrants for arrests have been issued. It is claimed that in the little town of Gray, alone, the registration was raised from 160 to 257. Headquarters also said that a tremendous labor vote in all manufacturing towns has been cast early. It is claimed that practically without exception this vote will go for Hearst. Hearst has telegraphed up state committeemen that he will carry this city by 200,000. Republicans reiterate with a certainty of a landslide for Hughes.

There have been two hundred arrests in Manhattan and a hundred in Brooklyn up to three this afternoon. A majority of these were due to technicalities.

HEARST BOOMS GROW

Nov. 6.—Votes in the "Silk Stocking" precincts began early and are heavy, over a third of the total registrations having voted in many precincts before 9 o'clock. John D. Rockefeller voted at 8:20 and when asked what he thought of the election he said, "I hope for the best." Hughes voted before 8 o'clock and his father, Rev. D. C. Hughes voted soon after.

Many wealthy and well known families were arrested and forced to prove their residence before being allowed to vote.

Hearst claims the city of New York by 200,000 but says that his danger lies in the Up State where they will try to count him out. Followers of Hearst claim that much fraud is being perpetrated and declare that the Independence League ticket is sweeping not only New York state but the entire country.

MURPHEY ADMITS HEARST BOOM
Washington Nov. 6.—Griggs and Sherman of the Democratic congressional committee talked with Chas. Murphy at Tammany over the phone this afternoon. The Tammany leader said over the phone "Hearst will have a bigger majority than Bird Coler had." Griggs said, "Oh Charles you are lying." Murphey replied, "I wouldn't lie on election day." Returns from all over the city show Hearst getting things pretty much his own way.

JOHNSON STRONG IN MINNESOTA
St. Paul, Minn., Nov. 8.—There is beautiful weather and a heavy vote in the entire state. The main issue is for governorship and Johnson's election seems assured.

TROUBLE IN ST LOUIS
St. Louis Mo., Nov. 6.—Strenuous insistence between Governor Folk and the police commissioners promises to be the first election St. Louis ever had where disturbance seems evident. Trouble started in several precincts but invariably was quelled before reaching a serious aspect.

WYOMING MUCH REPUBLICAN
Cheyenne, Wyo., Nov. 6.—Weather is fine but vote will be 20 per cent short of registration. Republican members will fill the legislature.

BOTH CLAIM NEVADA
Reno, Nov. 6.—Both Democratic and Republican chairmen have issued statements claiming the election.

CLOSE IN NEBRASKA
Lincoln, Nov. 6.—Weather clear, indications favor a heavy vote. Party managers on both sides claim the election.

RAIN RETARDS VOTE
Seattle, Nov. 6.—Western Washington was greeted by a steady down pour of rain this morning with indications to continue through the day. The weather will retard the vote materially.

RAIN IN WISCONSIN
Milwaukee, Wis., Nov. 6.—There is a drizzling rain and a light vote. The state bosses are unable to account for the lack of interest. There is no disorder.

OHIO VOTE HEAVY
Cincinnati, Ohio, Nov. 6.—The weather is favorable and a heavy vote is being cast. The voting is being done rapidly, indicating little scratching. The rural vote in the south

POPE CUTTING EXPENSES

(Scripps News Association)
Rome Nov. 6.—Owing to the serious falling of St. Peters Pence during the past few years the Pope is considering reducing the Vatican expenses and has dismissed from the Palace a number of persons holding office which could be dispensed with. The present religious situation in France has caused an almost complete stoppage of the flow of Peters Pence and to counteract this, instructions have been sent to all the German bishops to do all in their power to obtain liberal donations from that Empire. The recent legacy from Count Bertona, formerly Grand Master of Ceremonies of the court of Napoleon II of the sum of \$1,000,000 to Peters Pence has been a welcome addition.

COAL MINERS NEEDED

(Scripps News Association)
Halifax, Nov. 6.—Owing to the scarcity of labor in the coal regions of this country the output of coal is not meeting the demand. Arrangements are being made for a large batch of miners from Cardiff Wales, who are expected in a few days.

CHALLENGES THEM ALL

(Scripps News Association)
San Francisco, Nov. 6.—Jack O'Brien fresh from pugilistic honors won in England has sent out a challenge to all heavy weights to get a match on. He sailed today for Australia, to meet Squires in a 20 round battle for a purse of \$10,000. When he returns he will be willing to meet Jeffries, Corbett, Kaufmann or any man in the states.

GOOD RECORD

District Attorney F. S. Ivanhoe is to be congratulated upon the manner in which he has dispatched the two recent terms of circuit court with so little expense to the county and to the interests of the people as a whole. The dispensers of liquor have been rounded up and punished and the effect will be to put a stop to "boot-legging" in the future. Since Wallowa county has been voted dry it is the duty of the officers to see that it is kept so, and Mr. Ivanhoe announces his intention of doing all in his power to bring such offenders to justice.—Wallowa Chieflain.

GROESBACK CASE TRANSFERRED

Attorneys J. W. Knowles and T. H. Crawford returned last evening from Pendleton where they went to present their respective sides in the Groesback will case which was appealed from the lower court of this county to the supreme court. The case however, was transferred to Salem where it will be heard sometime in the near future.

WASCO PIONEER

Peter Ruffner, a pioneer of 1852 and a resident of The Dalles for the past forty-six years, died in his chair, Saturday at the home of his daughter, Mrs. Ellen Koontz, at the age of 85.

ARIZONA OBJECTS TO UNION

(Scripps News Association)
Arizona City, Nov. 6.—Today the proposition of uniting the territories of New Mexico and Arizona into one state, or provided for by the bill passed at the last session of Congress will be submitted to the popular vote and the general opinion prevails here that it will be voted down ten to one. Both parties are declaring against it so Arizona will remain a territory until it can become a state in itself. The principal objection to the scheme is that New Mexico is composed of and controlled by Mexicans. In Arizona a Mexican gets no show. Arizona is advancing by leaps and bounds and is purely American hence the objection to the amalgamation.

INTERNATIONAL FLOWER SHOW

(Scripps News Association)
Chicago, Ill., Nov. 6.—Flower growers from New York to San Francisco were competitors at the Flower Show in the Coliseum here today. The show is being held under the auspices of the Horticultural Society of Chicago and the National Chrysanthemum Society. There are thousands of competitors from every part of the states and a scene in the coliseum is a brilliant one. Model gardens are a new feature of the directions of the show this season and to complete this work four carloads of chrysanthemums were sent from Madison, N. J. There will be lectures on gardening and exhibits illustrating the best methods of potting plants and planting seed. Mr. E. G. Uhlis of this city who has been broad adding to his costly collection of Orchids made a splendid exhibit.

SCHOOL TEACHERS SCARCE

(Scripps News Association)
Charleston Nov. 6.—Altho 600 more certificates were issued this year than in the previous year there is still a great scarcity of female teachers in West Virginia. Superintendent T. C. Miller of the Educational Department has announced that further examinations for teachers will be held on the 16th and 17th of Nov. Small pay and short service terms are said to be accountable for the vacancies.

DETECTIVE ARRESTED

(Scripps News Association)
St. Louis, Nov. 6.—Joseph R. Hatton, formerly a detective, was arrested, charged with voting under two names, from the same residence, within twenty minutes. He fought the policeman and was beaten into submission.
