EXTRACT

When Freedom, from her mountain height,

Unfurled her standard to the air,
She tore the azure robe of night,
And set the stars of glory there!
She mingled with its gorgeous dyes
The milky baldric of the skies,
And striped its pure celestial white
With streakings of the morning light;
Then, from his mansion in the sun,
She called her eagle-bearer down,
And gave into his mighty hand
The symbol of her chosen land.

MONUMENT FOR A LIVE CITY

It has been said that by mixing the following ingredients wisely, a live, hustling city is sure to result. As arranged by the printer it appears a monument but it must be understood that not all monuments need be erected for dead issues, as this is most emphatically a live one:

- Grit
- Vim
- Push
- Snap
- Energy
- Schools
- Morality
- Churches
- Harmony
- Cordiality
- Advertising

- Talk about it
- Write about it
- Speak well of it
- A healthy location
- Help to improve it
- Advertise in its papers
- A good country tributary
- Patronize its merchants
- Elect good men to office
- Honest competition in prices

Fire all croakers, loafers, and dead-beats. Let your object be the welfare, growth and promotion of your town and its people. Speak well of the public spirited men, and also be one of them yourself. Be honest with all your fellow men.—Ex

It is not difficult to read between the dispatches of the election returns that the head of the tickets in 1908 will read Roosevelt and Bryan.

The independent vote increases with each election. Herein, in a measure lies the safety of our nation; as right principles must be presented and lived up to, to insure consideration of the majority. The independent vote will thus force the dominant parties to come out into the open and make their fight upon principle, and place their best men as standard bearers. The day of a nominative being equivalent to an election, is past, in a measure.

DENATURED ALCOHOL

Potatoes are the vegetable from which the Secretary of Agriculture expects the farmers to make the denatured alcohol that is to drive farm machinery, light the houses of people not living near gas and electric-light plants, and furnish the fuel that will be cheaper than gas or coal. There is a variety that is not edible that is said to be rich in the materials that will make alcohol, and with that the departments will also conduct experiments.

The denatured alcohol law goes into effect on January 1, and the Treasury Department is making regulations for the new industry.

Mr. Bryan remains the Democratic leader, after the smoke of the battle clears away.

While there was considerable interest taken in this city in the elections, very few wagers were made, an occasional hat was about the limit.

Candidates are often spoken of as being "dead ones" after election. New York has made a record of actually killing six of them during the campaign. A man evidently needs to be physically perfect to engage in politics in the Empire state.

While Mr. Hearst is defeated he is by no means eliminated from political activity. However he has certainly lost an element of strength that he will never be able to recover. Hearst, in the past, poised as a reformer and built himself up by exposing corrupt methods and with his great papers accomplished much for the people. This position he has lost by personally allying himself with the very political bosses that he for years has been denouncing. Hearst had better stay with his papers. He can accomplish more than he can in seeking office.

CATARRH SEASON

Disease Most Prevalent in the Fall Months. Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in La Grande are becoming more and more prevalent, and Newlin Drug Co. as a consequence, find their sale of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs whenever present and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose or throat; or dropping at the back of the throat, there is offensive breath raising mucus, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal troubles, begin the use of Hyomei at once.

You take no risk in paying \$1 for a Hyomei outfit, as Newlin Drug Co. give their personal guarantee that if the remedy does not afford satisfaction your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents making the most economical treatment for catarrh, as well as the most reliable.

LOST—If the person who took the lady's wheel from the corner of Second and Jefferson will return same, no questions will be asked and serious trouble will be averted.
