**FLAX FIBRE
 SUITABLE
 FOR SACKS**

During these days of jute mill agitation,
 the plans and propositions as proposed by
 the Grange of Oregon, are of much in-
 terest. Mrs. Waldo, state lecturer for
 the grange, and who is lecturing in this
 county this week advocates a scheme
 whereby a jute mill will be a paying propo-
 sition for the farmers, and the laboring
 classes in more ways than one.

The management of the Walla Walla
 penitentiary divulged during the recent
 inspection by Oregon solons, that four
 years ago jute cost \$11 per bale of four
 hundred pounds each; last year it cost
 \$18 and next year it will be purchased at
 \$28. This entire quantity of jute is
 shipped to Walla Walla from India by
 English syndicates. In fact these shippers
 have cornered the jute market of the
 world and should Oregon establish a jute
 mill at Salem on the basis that Walla
 Walla's is, we would of necessity secure
 the jute from the same source.

To alleviate this difficulty, let the farm-
 ers of Oregon raise more flax, and use the
 course fibre of flax for grain sacks. This
 is practically as demonstrated by actual
 practice. The direct benefits will be man-
 fold. The price of sacks will be materi-
 ally lowered, for two reasons; first, that
 they will be made by conviclabor, second
 that the material from which they are
 made can be secured at a very reasonable
 figure.

Then too, the farmer, will be benefited.
 His sacks will be cheaper and his supply
 of flax will make linseed oil and feed, and
 the waste material can be sold to make
 grain sacks and course linen.

The movement is worthy of considera-
 tion, as it certainly is feasible.

TO IMPROVE ROAD BED

The O. R. & N. company announces
 that it will spend about one million dollars
 in improving the road bed between Hunt-
 ington and Pendleton on the mountain
 division. Already about half a million
 has been expended in improving the road
 from Pendleton to Portland. There has
 been some wild talk to the effect that
 when the Snake River road was com-
 pleted that would become the main line
 but this does not bear any such state-
 ments.—Baker Herald

**LA GRANDE SCHOOL
 OF MUSIC**

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical in-
 stitutions in the state, and that
 people in this city and valley are
 beginning to discover the advantage
 of this school. The system is the
 latest and most practical, and in-
 cludes all the latest discoveries in
 the art of teaching music. The
 school is divided into two depart-
 ments; No. 1 is for beginners from
 5 years or more and are taught the
 first three grades. Pupils come
 one hour each day. This is no kin-
 dergarten system but far superior.
 In No. 2 the grades are from 3 to
 15. Here they graduate. Pupils
 take one or two lessons a week as
 they desire. No scholars will be
 permitted to remain in this school
 who do not study.

 stock to clean up its debts. It has cost slightly more than was
 calculated to install its present plant and build roads, etc., and the
 Company is desirous of keeping the Aurelia out of debt. So

 above treasury stock. Buy now if you desire a holding with us.
 The property is well enough known to need no mention here.

But will say that our mill run on the ores was a success, as was
 show by the assays return. Tailings taken every hour showed
 \$2.00 per ton, and the concentrates assayed \$223.55. This is
 extra for a start up.
