LOSES AT A GAME OF POKER

One of the most sensational gambling cases that has come to light here in many months became known today when warrants were sworn out for the arrest of Roy Stewart and Sam Endicott.

The former has been arrested and pleaded guilty, and was fined \$75 today by Judge Fitz Gerald. Up to three o'clock this afternoon Endicott had not been located by the chief of police.

G. W. Biggers of La Grande, is the complainant against the two men and according to his allegations he was robbed of \$400 by the two men, and was in line to lose \$1000 more.

According to Biggers he sat in a game of poker at the Rainier beer hall, of which Stewart is the proprietor. The others in the game were Stewart, Endicott and a stranger whose name Biggers did not know. Biggers alleges that in the first game the trio won \$400 from him.

But he still had a certificate of \$1000 and they then induced him to try his luck again in hopes of redeeming his losses.

While the game was on he declares an extra card was slipped into his hand by one of the other players who then accused Biggers of cheating.

The gambler then picked up all the money in the pot, taking also the \$1000 certificate of deposit.

The certificate of deposit was from a La Grande bank and since the game, payment has been stopped by Biggers, so he says.

The cases against Endicott and Stewart were taken up in the recorder's court by District Attorney Phelps. Should Biggers' story be found sustained it is probable both men will be indicted in the circuit court for larceny of the \$1000 certificate of deposit.—Pendleton E. O.

"NO TIME ON FOOLS"

George Westinghouse, whose invention of the air brake, has made him famous as well as wealthy, after completing his invention wrote to Commodore Vanderbilt explaining to him what he had invented with a request to demonstrate it to him personally. Mr. Vanderbilt returned his letter endorsed "I have no time to waste on fools." Alexander J. Cassett, president of the Pennsylvania Railroad, gave the inventor the first opportunity to prove the practicability of the air brake and after it was pronounced a success, Commodore Vanderbilt wrote for an interview with Mr. Westinghouse and by return mail received his letter endorsed "I have no time to waste on fools."
