The more payrolls there are in a town the easier it is to secure others and payrolls are the basis of any city's population.

United States Senator Platt of New York will tender his resignation to take effect on January 1. It is a precedent that possibly Senator Depew might follow with propriety.

The North Powder News comes to us, all home print, this week. Miss F. L. Roberts, the editor, is making a bright newspaper and is deserving of the liberal patronage extended.

If England is willing to pay up what the Philippines are worth, it might be a very wise thing to let them go. They will always be more or less trouble and by retaining a coaling station we would have about all of the benefits that we would ever receive by owning them.

About one more week's weather like the present and there will be a cry for fuel that will be heard from one end of the Harriman system to the other. Dealers have been trying to get coal cars for months and apparently they are as helpless as they were during the summer. The railroads are in a position to know the demands and should have looked after the fuel condition.

Each year the people of the United States and Canada are drawing closer together. The latest step being the resolution which was unanimously passed yesterday at the meeting of the Federation, in Minneapolis, eliminating the distinction between the labor unions of the two countries. When this policy has been agreed upon, a union card of one country will be recognized in the other.

Now is the time to have your old umbrella recovered. Smith will do the work.

**THE NUMBER OF WORDS AND LETTERS IN THE BIBLE**

The number of words in the Bible and the number of letters was ascertained in three years' work of a painstaking compiler and given to the world in Horne's "Introduction to the Study of the Scriptures." The figures refer to King James version:

Old Testament, 59 Books, New Testament, 27 Books, Total, 66.  
Old Testament, 929 Chapters; New Testament, 260 Chapters; Total 1,189.  
Old Testament, 33,214 Verses; New Testament, 7,950 Verses; Total 41,137.  
Old Testament, 593,498 Words; New Testament, 181,253 Words; Total 774,751.  
Old Testament, 27,281,100 Letters; New Testament, 838,380 Letters; Total 2,566,480.

The similar record for the Apocrypha is: Books 14; chapters, 183; verses, 6,051; words, 125,185; letters, 1,063,876

Similar statistics are the following: The middle line is found in the II Chronicles, iv, 16. The middle verse is Psalms, cxviii, 8; the middle chapter is Psalms cxvii, and that is the shortest chapter as well. The shortest verse is John, xi, 35. The longest verse is Esther, viii, 9. In Ezra, vii, 21 occur all letters of the alphabet save j.

La Grande for years has enjoyed the largest payroll of any of the Eastern Oregon towns and the year 1907 will show a great over present conditions. We have room for more and it should be our patriotic duty to see that at least one large payroll is added each year. We can do it if we all pull together with that object in view. Situated in the center of a large wool producing section there is no reason why a large woolen mill should not be established in this city, that would give employment to fifty or more people
