HAD A CLOSE CALL

"A dangerous surgical operation, involving the removal of a malignant ulcer as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Lickie, of Millets W. Va. "Persistent use of the Salve completely cured it." "25c. Cures Cuts, Burns and Injuries." at Newlin Drug Co., druggists.

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and cover up the outward symptoms for awhile, they cannot cure Contagious Blood Poison; when the treatment is left off, the disease will return worse than before. Mercury and Potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and nerves, and often cause Mercurial Rheumatism, the most hopeless form of this disease. Thousands have taken the mineral treatment faithfully for years to find, when it was left off, that the disease had only been smoldering in the system, and the old symptoms of ulcerated mouth and throat, falling hair, copper-colored spots, swollen glands, sores and ulcers, etc., would return in all their hideousness, and they were no nearer a cure than when they first commenced the treatment. S. S. S. is the only certain, safe and reliable treatment for Contagious Blood Poison. It is the one medicine that is able to go into the blood and cure the disease permanently, and without injury to any part of the system. S. S. S. does not cover up anything, but so completely removes the poison that no trace of it is ever seen again. This medicine will also remove any bad effects left by previous mineral treatment. S. S. S. is made entirely of roots, herbs and barks; we offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. Write for our home treatment book, and if you desire special medical advice, our physicians will be glad to furnish it, as well as the book, free of charge.

NO COAL OR WOOD AND WINTER HERE IN EARNEST

This wood and coal question in La Grande has reached a serious stage, and the more so in view of the continued cold weather.

For three days the four wood and coal yards of this city have been as barren of either these two necessities of life as one could well imagine. G. E. Fowler has a representative in Kamela and other mountain points, working like a Trojan to secure a supply of wood. He may be able to get the wood without much difficulty, but the big trouble is to get it transported to this city. Mr. Fowler has no idea when it will arrive here, but he is doing all that can be done to supply the city, and it is now up to the O. R. & N. to furnish the transportation medium.

LITTLE WOOD FROM HILLS
The Old Town Store, which gets much of its supply from the neighboring hills, has not had wood for sale for several days, and will not have until the roads down the mountain sides improve sufficiently to allow hauling. The store's manager, like all other dealers of the city, says he has an abundance of coal ordered but is ignorant as to the time, required for the railroad company to get here.

TIMBER CLAIMS
We can locate a number of parties on good timber claims of two million feet and better. Foley Bldg. LA GRANDE INVESTMENT CO.

WANTED—Girl for general house work. Inquire at The Eastern Oregon Trust and Savings Bank.

FOR RENT—A nice front room, suitable for two young men or a man and wife. One block from Adams avenue. Phone black 1681 or call at corner Greenwood and Washington.

LOST—Friday afternoon, on Adams Avenue, Depot or Main Streets, a gold brooch set with Baroque pearl. Finder please return to the OBSERVER office and receive reward.

Phone Black 1781
La Grande Ore.

Mr. Haggerty and J. H. Childers are tearing around town like mad, trying to locate wood and invent some scheme whereby it can be brot to La Grande.

SOME HOPES FOR WOOD
While there is a serious wood famine in La Grande today there are still hopes. With large quantities of wood lying ready or shipment at Hilgard and Kamela here are a few chances of some of it reaching this city. All the wood dealers of the city seem to agree that the O. R. & N. will see fit to furnish a few cars to transport this much needed wood, this week some time.

The last wood went at \$6.00 and \$7.00 a cord. With the coal question it is different. It is up to the railroad company. Whenever they get good and ready to haul coal into La Grande we will have fuel, but until they do, we will have to forage for something to keep our offices and homes warm.

An O. R. & N. representative was in the city yesterday and made many glowing promises of what his company would do to relieve the conditions, immediate. However these promises have been heard before and cannot be used a criterion as to when coal will arrive.

AMERICA TO EXPLORE EGYPTIAN CEMETERIES

(Scripps News Association)
New York, Nov. 21—Mr. Albert N. Lythgoe, curator of Curator Egyptian Department of the Metropolitan Museum of Art, sailed today for London, on the Baltic, where he will purchase equipment for his proposed excavation works in Egypt and the Nile. It was estimated by the Museum authorities quite recently that if the present activities in exploration in Egypt continued, the Egyptian rarities will be fully exhausted in about fifteen years, so it was decided that American development of the Egyptian field should be at once commenced. Funds have been

advanced from private sources for the work, and Mr. Lythgoe has been authorized to make purchases of Egyptian Art objects and antiquities during his trip to Egypt. Mr. Lythgoe is a graduate of Harvard University, and was recently the curator of the Department of Egyptian Art in the Boston Museum of fine arts. Before sailing Mr. Lythgoe announced that he would go directly to Cairo, from which point he would begin operations in the way of excavation in the old Egyptian cemeteries and temples between Cairo and Thebes.

MAHER IS COMING TO AMERICA

(Observer Special)
London, Nov. 21.—After a most successful season, Maher, the American jockey, sailed today for New York. He is third on the season's winning list, Higgs and Madden being first and second respectively. Last year Maher placed \$291,402 to the credit of his employers in 101 races and this season he greatly exceeds that amount, as his winnings total \$595,000. He won the two chief events at Sundown Park, the Eclipse stakes worth \$46,425, on Elangibby, and the National Produce Breeders' Stakes worth \$21,875 on Lord Roseberry's Traquair. In addition, he rode winners in such valuable races as the Kampton Park Jubilee, the Derby and Oaks at Epsom, the Manchester Cup, and the Gevarty stakes, and the Coronation stakes and Gold Cup at Ascot. Maher is about the heaviest of flat racing jockeys, as he rode at 125 pounds. His wins were 87, while he had 55 second places and 45 third. He was unplaced 112, making his total mounts 299. Maher has been very popular on this side of the water, and it is certain he will sport the Lord Roseberry colors again next season.

WELSH MINERS TO STRIKE

(Scripps News Association)
Cardiff, Wales, Nov. 21—At a meeting of the South Wales Miners Federation here today under the presidency of Mr. W. Price M. P., it was decided owing to the abolition of the coal tax, to demand an increase in wages of five per cent. The miners are determined in their demands and should a strike take place upwards of 158,000 men will be effected at the mines alone besides the number of men engaged in shipping; as all ships in the Bristol Channel, ports will be tied up. It is expected, however, that a settlement will be arrived at.
