**RHEUMATISM  
WORSE FROM YEAR TO YEAR**

The cause of Rheumatism is an excess of uric acid in the blood, brought on by indigestion, chronic constipation, clogged kidneys and a general sluggish condition of the entire system. The uric acid and waste matter of the body is not carried out as nature intended, but is left to ferment and sour and generate uric acid, which is absorbed into the blood. The first evidence of Rheumatism is usually little wandering pains in the muscles and joints, or a tender, sensitive place on the flesh. These are often so slight that nothing is thought of them and they pass away, but with each recurrence the trouble becomes more severe and frequent, and finally wandering pains and excited nerves, Rheumatism grows to be a painful and almost insupportable trouble. The longer the poison remains in the blood, the longer hold the trouble gets on the system. Each day the acid deposit is increasing and the disease grows worse from year to year. After awhile the joints become coated with a corrosive substance which seriously interferes with their working and movements and sometimes they become permanently stiff and useless. S. S. S. cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and uric acid deposits, making the blood stream pure, clean and healthy. S. S. S. is made entirely of roots, herbs and barks, and is therefore a safe remedy. When the blood has been purified by S. S. S., the pains and aches pass away, and the cure is permanent. Beware of Rheumatism, and get medical advice free.

**SPORTS**

The Dalles, Ore., Nov. 29.—Today has certainly been an off day for the O. A. C. The second team was defeated by a score of 28 to 0. The Agies were outweighed about 15 pounds to the man and were also outplayed. The Columbia team was able by their superior weight to hammer the O. A. C. line at will for yardage. The field was 50 yards short which also helped run up the score. O. A. C. boys played a good hard game.

Philadelphia, Dec. 1.—The Army and Navy football teams today wound up the season in the East with a great exhibition of football. The first half ended nothing to nothing.

The navy defeated the army by a score of ten to nothing.

**GAME CALLED OFF**

The football game, which was suddenly arranged yesterday between Island City and La Grande, to be played at the baseball grounds this afternoon, was as suddenly called off. Late last evening Island City telephoned the local manager that they could not play here today, and gave an excuse to the effect that several of their men had suddenly been called out of town. Immediately after the closing of preliminaries yesterday, Manager Bay and Captain Bacon made arrangements for printing of tickets and dodgers, and their refusal to play was met with disappointment among local followers of the game.

**A Wonderful Record.**

As made up by improved and exact processes—Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a most restful state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patients into their full confidence. It is the only medicine for women, every inch of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only pure—my medicine, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.
