**LA GRANDE SCHOOL OF MUSIC**  
 Prof. Day, Principal  
 Mrs. Day, Assistant.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments: No. 1 is for beginners from 5 years of age and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 5 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

**THE ECONOMY OF OSTEOPATHY**

Comparing Cost Of Treatment With The Sums Constantly Paid For Drug Medication

Do Not Make the Mistake of Thinking that Osteopathic Treatment is Expensive it is the exact opposite of this. True, the charges made by a good Osteopath per treatment seem a little bit high to people who have been accustomed to a smaller charge for each call made at the office of a medical doctor. But it is seldom indeed that a patient has to make as many calls upon an Osteopath. Few of us there are who have not observed that, when once a man or woman begins visiting a doctor's office and taking medicine, such visits are likely to be continued indefinitely. There is often apparent improvement for a time, but soon the patient finds it necessary to go and see the doctor again, when another series of visits begins.

With Osteopathy the case is entirely different. The Osteopath gets right at the root of the evil—he finds the mechanical obstruction which is causing ill health—and his treatment is aimed entirely to remove this obstruction and permit the forces of Nature to do the best work they are capable of. The result of this plan is to bring about a cure that is permanent, with no possibility of complications later from the effects of noxious drugs. And in the long run the treatment is by far the cheapest obtainable, even in the most ordinary illnesses.

of Aurelia Mining Stock are now offered at 15c per share. When this block is sold no more will be offered and the price will be advanced to 20c per share. One year ago the stock sold for 5c, today at 15c. You will have the same chance now to double your money in the next year.

The Company has decided to sell this much of its treasury stock to clean up its debts. It has cost slightly more than was calculated to install its present plant and build roads, etc., and the Company is desirous of keeping the Aurelia out of debt. Sold for this purpose and only for this, the Company offers the above treasury stock. Buy now if you desire a holding with us. The property is well enough known to need no mention here. But will say that our mill run on the ores was a success, as was show by the assays return. Tailings taken every hour showed \$2.00 per ton, and the concentrates assayed \$223.55. This is extra for a start up.
