

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

ROYAL BAKING POWDER CO., NEW YORK.

ELEGANT FURNITURE FOR CLUB

A number of new leather rockers of the Mission design and an elegant settee has just been placed in the parlors of the La Grande Commercial Club. The Club is gaining a new hold upon the public. The membership is now in excess of 160 and several applications are now on file. The Club now controls a majority of the stock and within a few years will own the building free from all incumbrances. La Grande certainly has reason to feel proud that such an institution, aside from its public work, has existed as it has.

There is not another city in the state, with the possible exception of Portland, that has maintained a similar organization for as many years. While it passed through several years of rather depressing times, it is now an established and permanent institution and always stands ready to advance the interests of this county and city.

WHAT CONSTITUTES A FAIR TRIAL

Patients often spend two or three years uncomplainingly under the care of an M. D., taking whatever drugs or treatment he prescribes, and then decide "to try Osteopathy." After one or two treatments they are ready to quit and announce to the world: "It didn't do me any good." These patients have not tried Osteopathy at all. What they have tried is one or two treatments. A husbandman might just as well expect his crop after two or three days of plowing.

Under a systematic course of drugging, let us say, such a patient has been permitted to develop an acute illness; next, the drug treatment with all its possible accessories has permitted that illness to become chronic, and after that it has still failed to restore health. Following such an experience, the very first "dose" or two of Osteopathy is expected to work the miracle of an instantaneous cure! How very unreasonable! Do not osteopathic doctors keep admonishing their patients not to expect the impossible to happen and not to forget that Nature processes work slowly?

Why should patients imagine that the Osteopath can restore health any quicker than normal nerve force and a healthful blood stream can accomplish that benefit? The Osteopath has not yet found any way to work faster than Nature, and those systems of healing that have tried to stimulate vital action by drugs faster than is Nature's wont, end in disappointment and with new damage inflicted.

Osteopathy owes its success to the fact that it works with Nature, not against it, and uses no forces but the natural vital powers of the body, properly directed thru their ordained channels to overcome disease conditions. While many surprising and quick cures are made in the aggregate, they are individually rare. It usually takes time and a thorough course of treatments to get difficult results; hence patients must exercise all due patience. Nor is anyone justified in believing he has given Osteopathy a real trial until a competent osteopathic practitioner has exhausted his skill and dismissed the case as incurable—which he will do just as soon as it is possible to make a fair test.

"Cure or greatly benefit a case or else promptly dismiss it," is the osteopathic rule. Osteopathic cures are, hence, the best of all advertisements for this school and its doctors prefer not to surround themselves with cases that do not promise to yield good results. Few cases, indeed, under osteopathic care do not yield some results—enough to be satisfactory to the patient and to give him his "money's worth," whether entirely curable or not—Osteopathic Health.

EXCEPTIONAL OPPORTUNITY

Business lots in the nearest block to the George Palmer Lumber Company's large saw mill, due east of the mill. This block 12, Rynearson's Addition to the town of La Grande. Remember this is not only the nearest, but almost the only block suitable for business purposes. I will sell you a lot, or sell you a lot and build you a business house on the installment plan, or build a business house and rent it to you. Remember there is a nice grove and the finest soil. Do not miss this opportunity. If you want the best place for a summer resort along side of the sparkling waters of beautiful Grande Ronde river, I will sell you block No. 7. This is the best chance to make a swimming pool and a fish pond. I do not mean a fishing pond for commercial purposes. Now the Palmer Lumber Company will employ one hundred and fifty people the year through. This number of families and the surrounding neighbors will easily keep up a good store. Regarding the resort, La Grande people will keep that up. There is a good road to it. If you own the ground, no crank can come along and run your business, except the boys you want.

When you're broke, the girls are shy. They turn and fly when you come nigh. Brace up old man, show some pluck. Take Rocky Mountain Tea; it will change your luck. NEWLIN DRUG CO.

Dr. Pierce's Favorite Prescription,

is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character; but is a medicine of KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its makeup. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the seven schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's disease that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the using.

If you suffer from periodical headaches, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.
