Just one year ago today Senator John Mitchell died in Portland.

The state of Nevada makes the claim that it is producing more gold each month than the entire gold fields in South Africa.

The Interstate Commerce Commission is investigating the excessive charges of the express companies. There is no question but that they will find sufficient grounds to justify the investigation.

The next man who announces his intention of starting a morning paper at La Grande will be asked for his credentials.—Union Republican.

"The election of 1906," Mr. Bryan asserts, "indicates a trend in favor of the Democratic party." Has Mr. Bryan noticed the Republican net gain of eight seats in the United States senate?

Klamath Falls has sent a publicity agent east to induce settlement and investments. He is well supplied with literature and special editions of the local papers. That is the way to build up a country ertown.

L. R. Webster, county judge of Multnomah county, is drafting a bill which will be presented at the next session of the legislature, providing for an appropriation of \$1,000,000 for county roads. This money, according to the terms of the bill, is to be apportioned in sums of \$35,000 for each county that appropriates an equal sum. There is perhaps no bill that is to be presented for the consideration of our law making body that is more worthy of support and favorable consideration than that which is now being drafted by the Multnomah county judge. Good county roads are not a luxury, but an absolute necessity. Every dollar invested in that direction brings back the principle with compound interest and marks the social, intellectual and financial progress of the community.

NOTICE OF ANNUAL MEETING

The annual meeting of the La Grande Commercial Club will be held at the Club parlors on Tuesday evening, December 11th, 1906, at the hour of 7:30 o'clock, for the purpose of electing officers for the ensuing year.

In order to allow all those who wish to attend the opera house on that date to do so, this meeting will be called to order at 7:30 o'clock sharp.

From a seat in the United States senate to a cell in a jail is a change in fortune and honor that is a striking exemplification of the truth that "the way of the transgressor is hard." It is not pleasant to contemplate this fate of Senator Burton, of Kansas, but when a man pursues a wrong course with the full knowledge of all that is involved in it, the object lesson should be pointed out as a warning to others who may be tempted. Men have destroyed themselves for a very little gain sometimes. A few thousand dollars does not compensate for such a fall and loss as this. "A good name is rather to be chosen than even great riches."

ART LESSONS

Miss Nina Hunstock wishes to announce to the ladies of La Grande that she is prepared to take orders and give lessons in both water colors and china painting. Studio at 906 Main St.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all hurrying critics and all opposition that might otherwise be urged against his medicines, because they are not of known character. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Airover, Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.
