A REAL REDUCTION

We take this plan in order to give you the chance for a careful inspection of prices at home, to compare with prices you have seen or heard about in the well advertised sales in La Grande. On Monday, Nov. 12, we concluded to sell our entire \$10,000 stock at absolute cost, and sent out printed posters to that effect. Our sale has been a perfect success, notwithstanding the bad weather, we have sold \$2500 in goods and you would hardly miss the goods by looking at our shelves. We have no line yet broken, our goods are all new and up to date. We have no shelf worn goods.

\$3.00 Hats for \$2.00

2.50 Hats for 1.75

2.00 Hats for 1.25

Shoes Sold at Cost or About 1-3 Off From Regular Price and a Great Many Below Cost.

It will pay you to buy your dry goods while you can buy them at the price we bought them. Ribbons and laces 40 per cent off.

We are going to open a fine line of new sensible Christmas goods.

Saturday, December 1

Best grades of kerosene at \$1.50 per 5 gal. Tank oil 25c per gal.

We have a large stock of lubricating oil that will pay you to buy and hold over.

Hardware of all descriptions at 50 per cent. Tools, saws, hammers, bits, planes, wedges, etc., too numerous to quote prices on. Paints and oils at cost.

Groceries cannot be bought so they can be sold at such a discount, but we will give you all there is in it.

Yours truly

CONGESTION OF THE LIVER.

SHOWING WHAT THE CAUSE OF THE CONDITIONS ARE AND WHY RELIEF AND CURE MAY BE LOOKED FOR THROUGH OSTEOPATHIC TREATMENT.

Too much blood or too little blood in any given part of the body spells trouble. That is what is the matter in nine cases out of ten when your head aches--there is either too much blood there or too little and when the Osteopath cures your headache he simply takes the proper measures to regulate the blood flow properly. A case of congestion of the liver is, in a general way, much the same. Congestion simply means over fullness--that's all. In the case of your liver it means that that organ is getting more than its share of blood through the arteries, or else that other blood vessels are failing to drain the used blood away with due speed.

But of course no such condition could exist without a cause. And the Osteopath does the rational thing when he proceeds to look for that cause. He seeks for it in the structures of the body, for his training has taught him and convinced him that in the structures the causes of disease are to be found. He surmises in the first place, that there is something wrong with the vaso-motor nerves, for these are the nerves that control the work of the blood-vessels and if they were not being interfered with in their work the blood flow would be normal. There may be an actual bony mis-adjustment, or the trouble may be that contracted muscles are interfering with the work of the vessels and their controlling nerves.

Whatever the specific difficulty may be in the individual case, the Osteopath is qualified to find and correct it. Sometimes the results he secures are surprisingly quick, sometimes more time is required. He removes the cause of the cause of the trouble and at the same time gives a thorough mechanical stimulation so that the effect of the liver's suffering may be done away with as speedily as possible. For congestion of the liver there is nothing that can at all compare with the treatment.

It is an old saying that "if your liver is right you are right" and while that is of course a great deal of exaggeration there is more than a grain of truth in it. Any liver trouble merits immediate attention; and the best and most natural attention which it can be given is through Osteopathy.—Right Way.
