**CONGESTION OF THE LIVER.**

**SHOWING WHAT THE CAUSE OF THE CONDITIONS ARE AND WHY RELIEF AND CURE MAY BE LOOKED FOR THROUGH OSTEOPATHIC TREATMENT.**

Too much blood or too little blood in any given part of the body spells trouble. That is what is the matter in nine cases out of ten when your head aches—there is either too much blood there or too little and when the Osteopath cures your headache he simply takes the proper measures to regulate the blood flow properly. A case of congestion of the liver is, in a general way, much the same. Congestion simply means over fullness—that's all. In the case of your liver it means that that organ is getting more than its share of blood through the arteries, or else that other blood vessels are failing to drain the used blood away with due speed.

But of course no such condition could exist without a cause. And the Osteopath does the rational thing when he proceeds to look for that cause. He seeks for it in the structures of the body, for his training has taught him and convinced him that in the structures the causes of disease are to be found. He surmises in the first place, that there is something wrong with the vaso-motor nerves, for these are the nerves that control the work of the blood-vessels and if they were not being interfered with in their work the blood flow would be normal. There may be an actual bony mis-adjustment, or the trouble may be that contracted muscles are interfering with the work of the vessels and their controlling nerves.

Whatever the specific difficulty may be in the individual case, the Osteopath is qualified to find and correct it. Sometimes the results he secures are surprisingly quick, sometimes more time is required. He removes the cause of the cause of the trouble and at the same time gives a thorough mechanical stimulation so that the effect of the liver's suffering may be done away with as speedily as possible. For congestion of the liver there is nothing that can at all compare with the treatment.

It is an old saying that "if your liver is right you are right," and while that is of course a great deal of exaggeration there is more than a grain of truth in it. Any liver trouble merits immediate attention; and the best and most natural attention which it can be given is through Osteopathy.—Right Way.

**Dr. Pierce's Favorite Prescription**

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers. As a soothing and strengthening nerve-tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic diseases of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration. Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities. Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.
