**LA GRANDE SCHOOL OF MUSIC**

PROF. DAY, PRINCIPAL.  
 MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 5 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

**TURNS A TRICK ON GAMBLERS**

He was only a "shiner", who blackened the shoes of patrons of the Hot Lake Sanatorium. However, that was not the only science he had mastered. When his income from the shine stand had accumulated to such an extent that it looked worth having, a stranger or two dropped into the hotel at the sanatorium and made themselves at home. Seeing the shoe shine, who he it said, habitually exhibits much taste in purchasing his wearables, the stranger or two quickly seized, what they deemed to be an excellent opportunity, to strip a fellow being of his moneys by a simple turn of the wrist in dealing the paste boards. Now our hero, the shine, has evidently encountered others of the stranger type, and with full confidence in his own ability, agreed to stake a few beans on the turn of the cards. It is sad to relate, how the wise ones sometimes meet their Waterloo. When the game was over and the cigar ashes were brushed from their coats, when the eye had become dreary and heavy, and when two of the would-be sharpers were "broke", then our friend, the bootblack, arose from the table with \$1600 of one man's money and \$2800 of another's. Moral:—"Look before you leap."

**Always in advance of its imitators; the pre-eminence of THE ANGELUS**

has been maintained by constant progress. By expenditure of thousands of dollars in experimental work and by infinite labor and pains, the Angelus has been developed by musicians, inventors and mechanics, from the piano player of 1895 to the marvelous instrument of today.

No other piano-player has or can have **THE PHRASING LEVER**  
 The most valuable and important expression device ever introduced.

**The Melody Buttons** by which notes can be accented and the melody brought out above the accomplishment.  
**THE DIAPHRAGM PNEUMATICS** which give a pliant resilient touch like a person. The human touch

The Angelus is made in cabinet form and also is installed entirely with the case of a Knabe or an Emerson piano.
