A PINE VALLEY ACCIDENT

Halfway Jan. 9—Because he stepped into range just as Charlie Snaver discharged his gun. Thad Leap received a load of fine shot in the head and face and may lose the sight of his right eye. The shooting was entirely accidental. Snaver, an old miner, was hunting in the timber land and Leap was working on his mining claim on the Dyke, and stepped into range just as the other shot at a bird. Altho Leap was screened by bushes from the sight of the hunter he managed to signal that he was in range in time to prevent a second shot. Leap's face was badly lacerated by the shot, and is literally peppered with it. The doctors believe that it is scarcely possible to save the eye.

REGARDING DISEASES OF WOMAN

In all of those maladies from which woman suffers under modern conditions of life, Osteopathic treatment is especially useful and may be fully relied upon. In no field have Osteopaths had wider experience than in this; and much of the carry fame of the science was due to its unparalleled success in the treatment of these cases. The necessity of dangerous operations is obviated in very many cases—which is a great deal in itself, aside from the fact that the health of the patient is certain to be better after a natural recovery thru Osteopathy than it can possibly be after mutilation by the knife of the surgeon. Neither is there any reason for the belief that many hold that the treatment is especially embarrassing. While local treatment is often needed—in which case it would be foolish of the patient to object and culpable in the Osteopath not to administer it—yet in the very large proportion of cases it is not required; and the optimal treatment that is an essential in practically all of these cases is administered thru a gentle way. This is a very "gentle" way for women, is successful in relieving the various conditions of the system, and restores the normal function of the organs and structures of the body.

Vinol is Better Than Any Other Remedy to Restore Health and Strength

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.

Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.

Because everything in Vinol,—except the tonic iron and a fine old wine,—is actually extracted from fresh cods' livers and their oil.

Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.

Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.

That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.

That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.
