

O. A. C. A STRONG TEAM

(Observer Special)
O. A. C., Corvallis, Jan. 12, 1907.
Lloyd Scriber has entered college and seems very much pleased with the work.
Frank Hawley was detained at home on account of his father's poor health, but we expect to have him with us next year.
At present there are registered 650 students this term and many more are yet expected, against 560 at the same time last year. This is an increase for the school to be proud of.
The following is a list of the games played by the college Basketball team on its tour of the North West during the holidays. It was victorious in every game.

The players who made the trip are: Swan, forward; Reed, forward; Foster, center; (and is a Cove boy); H. Rooper, guard; Bilyeu, guard. Subs: Kate, Spiers, D. Rooper.

The Short Course in agriculture is now in full swing with about 35 members enrolled. This is a course lasting two weeks and consists of lectures given by the different professors of the college. Following this is a four weeks' course in Dairying. These courses give the average farmer a chance to "brush up" and keep up with modern times, and is gaining great popularity among the farmers of this section of the country.

UNIVERSITY ITEMS

(Observer Special)
University of Oregon, Jan. 9, 1907.
President Campbell today at Assembly spoke of his recent trip South. He described the journey and illustrated his description with stereopticon views. He spoke of the race problem, saying: "The Southerners do not take this question as seriously as do we in the North. They seem to think that the rapidly increasing deathrate and the decreasing birthrate among the colored people will ultimately effect a peaceful solution of the race problem." The South, said the president, is now fully as prosperous as the North, and its problems are the same, the chief one being how to get the produce to market.

James Neill, who spent his vacation at Salem, reports a most delightful time.
The Glee Club boys played to a full house Friday evening at the Heilig in Portland. This closing concert was a success, both artistically and financially.

Miss Slater, of the English department, spent Christmas week in Salem.

Since the Glee Club and the football team are thru, the University is making less noise but it is working hard, just the same.

WOODMEN OF THE WORLD

The order that does things.
If you are buying a suit of clothes do you take the cheapest you can find?
The same plan should be followed in taking insurance in lodges; the cheapest is not always the best. The Woodmen of the World rates are based on the experience of other societies and the National Fraternal Congress' minimum rate, a rate that is considered necessary in order to perpetuate the organization without an increase in rates or double header assessments in the future.

The W. O. W. has a total membership of 450,000 members in the United States and Canada; \$5,600,000 surplus in its various funds.

MORTON FAVORS CHANGE

According to the Portland Telegram, Assessor J. H. Morton, assessor of Union county, favors the change in the tax collecting systems. Mr. Morton is an active attendant at the convention which has been in session in Portland the last few days of this week.

OREGON SELECTS SITE

Special Correspondence:
Seattle, Jan. 12.—The first sight for a state building at the Alaska-Yukon-Pacific Exposition was selected December 29th by the Oregon provisional commission appointed by Governor Chamberlain for that purpose.

The ground chosen is one of the most beautiful and advantageous plots on the exposition grounds. It is two acres in extent and commands an unobstructed view of Lake Washington on which the grounds border. Standing at the intersection of Ynikon Avenue and another boulevard running at right angles with it, the building will face the Forestry building and a circle that will surround one of the principal bandstands. A pennant bearing the word "Oregon", which was planted by President Wehrung of the commission, now waives proudly over the site, which will practically belong to Oregon until after the world's fair closes.

It was decided by the commission to recommend to the forth-coming session of the legislature an appropriation of at least \$150,000 for Oregon's participation. Fifty thousand dollars of the appropriation will be used for the erection of a handsome building. The commission will recommend that a collective and competitive exhibit be made. This means that all of Oregon's exhibits at the exposition will be displayed in her building and that she will take advantage of the exhibit rule that will permit such collective displays to be entered for awards. This plan which was first carried out at the Lewis and Clark Exposition, makes it possible for the visitor to view all of the exhibits from his home state without visiting eight or ten large buildings.

Following are the names of the members of the Oregon commission: W. H. Wehrung, president; M. D. Wisdom, secretary; Henry E. Reed, W. W. Rowe and J. O. Booth. The latter was unable to be present at Seattle on account of private business.

SPECIAL MEETINGS

Special Services at the Presbyterian church are growing in interest while it was a stormy night there was a good audience. Dr. Seemann, took for his theme "Some Men Who Have Met Christ" He showed what it was meet men in every day life. How our lives have been changed and helped by coming in touch with men, and if men can change our lives how much more can Christ. Yet men refuse to come to Christ. Continuing the speaker showed how Christ can change our lives if we will only come in touch with Him.

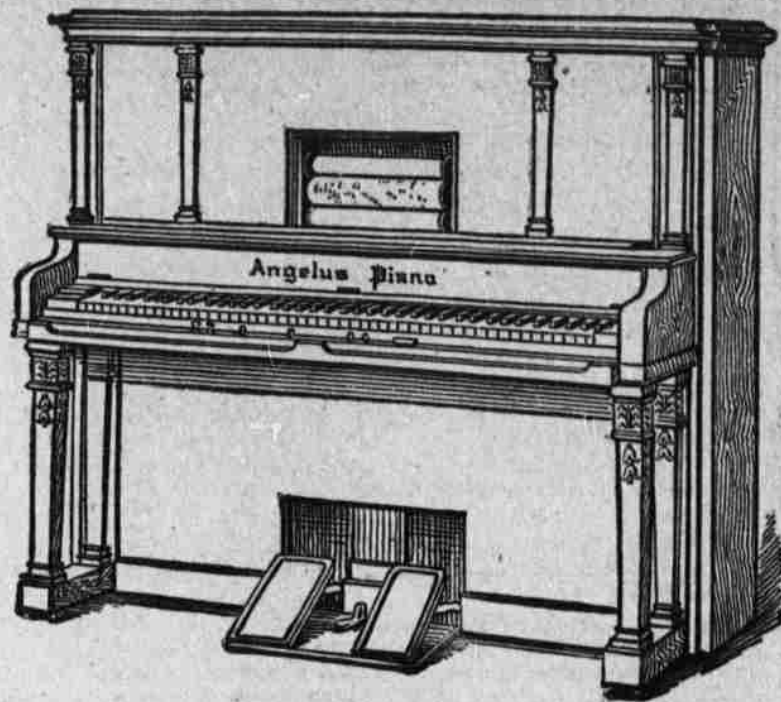

Mr. Cochran sang in a very touching way the solo "Since I found my Saviour" Tonight Dr. Seemann will speak on the subject "An Encouraging Promise." He will preach at both services tomorrow. His theme in the morning will be "The Dynamic Of The New Life," evening "The Choice of Life." A cordial invitation is given to all who have no church home.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. J. C. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has the **SADGE OF HONESTY** on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page Illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

M. W. A.

A criticism of statements made in this column has been made by several members of the Woodmen of the World.

We wish to say that the M. W. A. is not fighting any order, but to correct any false impressions that might possibly have been conveyed to anyone, we republish the standing and cost of the two orders

The Modern Woodmen of America was organized in 1885. The Woodmen of the World (P. J.) began business in 1890.

The Pacific Jurisdiction W. O. W. is the branch of that order doing business in Oregon, and is the order to which we refer when speaking of the W. O. W.

W. O. W.	100,259
Cost of \$1000 insurance at 20 years of age per year.	
M. W. A.	\$4.50
W. O. W. (P. J.)	9.00
Cost of \$1000 insurance at 45 years of age per year.	
M. W. A.	\$9.00
W. O. W. (P. J.)	16.80

Cost of joining is the same in both cases.

The W. O. W. (P. J.) reserve fund amounts to almost two million dollars.

On 9 assessments during 1906 the M. W. A. has paid all death claims and has placed in the bank more than two and a half million dollars.

We desire to draw no conclusions. Do this for yourself.

The M. W. A. has increased over one hundred thousand, net, new members during 1906.
