ATHLETIC CONTEST IS CALLED OFF

The wrestling match and four-round go scheduled to take place at the Commercial Club next Thursday, has been called off. First because, Seneff the challenger, has been missing for several days and is wanted by the police of this city for alleged robbery, but the latter event is called off for a more honorable cause. Prof Christol has been unable to find a man who would cope with the burly Jap, and rather than frame up a hoax and a sham, which he could have done, and piling off the preliminary bout alone, he has cancelled the entire affair, until he can get a man here that will make things lively for Takahara.

SNOW A BLESSING

Several inches of snow were added to the already heavy fall in the mountains. This makes everybody happy. The farmer sees good crops as a result of the snow and loggers are busy filing the orders for the saw mills. The woodmen are not slow to take advantage of a short fuel supply and are doing their best to get their wood out of the mountains.

FINE STEEL RANGES

If you are going to buy a steel range, come and examine our celebrated Majestic range. It is surprising at the small amount of fuel they consume and give perfect satisfaction. I also have a few heaters left. This is the time when you need them

Do not forget about carriage heaters. They will keep your feet warm on a long drive.

HEATING PLANT IS EFFICIENT

The heating plant which will supply warmth for the new bank building is thoroughly efficient. It was tested last night and in due time heat was radiating from the pipes in every room of the building. Not the least noise was occasion by the test, as is the general rule. The best of material and workmanship has eliminated the noxious and undesirable clinking and clanking which characterizes so many heating systems.

The plant was installed by the O'Neil Heating Company.

Thomas Lee, J M Leishman, Geo Halseth, John Fossman, Ed Anderson and Chas Bodman all of Baker City are transacting business at the Land Office today.
