

AMUSEMENT

THE COMING EVENT OF THE SEASON
ARIZONA

This thrilling Military drama in four acts written by Augustus Thomas will be produced at Steward's Opera House on Monday January 28 under the direction of Mr. C. M. DeVere late of the Lyric Stock Company, Salt Lake City, and will be represented by the best local talent of the city. Cast of characters as they appear on the stage.

Henry Canby E. L. Eckley
Colonel Benham C. E. Gilliam
Mrs. Canby Janette Stevens Kelley
Estrella Benham
Lillian Bates Richardson
Lena Keller Ethel Steward DeVere
Lieutenant Denton H. E. Coolidge
Benita Canby Maude Simpson Scroggin
Miss MacCullagh Gertrude Biever
Doctor Fenlon A. C. Clark
Captain Hedgman C. M. DeVere
Tony Meestane Chas. Cross
Lieutenant Hallock T. H. Williamson
Sergeant Keller A. B. Rogers
Private Guigley M. Childers

Others as soldiers and cowboys. The scenes are laid at Canby's ranch near Tucson, Arizona, and is a faithful portrayal of frontier life, and is replete with interesting and thrilling adventures and a true picture of Army life on the frontier in the early days of the settlement of the wild and woolly west.

Specialties will be introduced between acts by the best talent of the city.

THE POLMATIER SISTERS

The Polmatier Sisters, who the La Grande Commercial Club has secured to appear in this city on February first, have made decided hits wherever they have appeared. Their concerts are of a high class and the reciters are of the best. The six piece orchestra, composed of the six sisters, is credited to be a wonder and their dance music is something extraordinary.

TONIGHT

The Rogers and Grilley entertainment in Central Church this evening will begin at 8:30 sharp. Admission 25 and 50 cents.

TONIGHT

Don't forget the Rogers and Grilley entertainment tonight in Central Church. Admissise 25 and 50 cents.

GENERAL ALGER'S

FUNERAL IS
HELD TODAY

(Scripps News Association)

Washington, Jan 26—The president and Vice President sent tributes to the Alger funeral this afternoon. Dr Wallace Radcliff, General Alger's pastor of the Presbyterian church will officiate. The body under an escort of a squadron of the Thirteenth calvary, will be accompanied to Detroit where the interment will take place next Monday.

C M & ST P CAR

The private car of A J Eearing president of the Chicago Milwaukee and St Paul road was taken over the O R & N this morning by number six. The president is homeward bound.

Bad Stomach Makes
Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition, chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it.

"In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Blood root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. E. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Seuder, M. D., and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement? Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

MOTHER
ON A SAD
MISSION

There was a lady passenger on the outgoing Elgin train this morning, on a sad mission. Several weeks ago this mother left two boys in Portland and journeyed to California. It seems shortly after the mother had gone they thought they would make a little money on their own account and secured railroad employment on the extension of the branch line about twelve miles north of Elgin. The boys contracted the disease of diphtheria and as the cases became serious, friends wired the mother in California of their condition. She immediately started for them. One of the boys is dead and the other is not expected to live.

M. L. CHURCH, SOUTH IMPROVEMENT

Rev. H S Shangle of Milton, has been in the city for a few days this week and during that time made arrangements for extensive improvements on the church building of that church. It is reported that the South Methodists in La Grande have purchased a lot of land near the new brick school house, and by April will move the structure now located on Third Street, to that lot and materially improve it.

ALONG THE RIGHT WAY

Contraction of the chest capacity thru drooping of the ribs from normal position is one of the chief causes of heart and lung troubles. It creates crowding, and every organ must have its allotted room if it is to perform its functions properly and be able to resist disease-breeding influences.

La grippe's gala days are at hand; but his reign is mightily abbreviated in every case in which the Osteopath is called. The treatment in these cases is an absolute revelation to those not familiar with what Osteopathy can accomplish.
