(Scripps News Association)  
Feb. 2

The Chicago Automobile Show opens today and will continue thru the coming week. As was the case last year the big First Regiment armory has been taken to house the overflow of exhibits that could not find accommodation in the Coliseum, which is the main exhibition hall.

So much talk of pugilistic umpires has started Hank O'Day training for next season.

Manager Babb of the Memphis club has signed 25 men for the coming season and says that it means the pennant for the Babblers.

A story from Cincinnati has it that Charley Grapewin, the comedian, has signed to play with Ned Hanlon the coming season. Does this mean that the "Reds" will still stay in the joke column?

Whenever a heavyweight pugilist draws the color line it means that he does not care to fight Jack Johnson.

Dan S3:12 by Greystone the fastest green pacer owned by Ora Shover of Indianapolis is to be raced next season by Ed Goars.

The return of Detroit to the Grand Circuit means that D J Campen is to retain control of the circuit court.

NOT YET

Washington, Feb. 2—The report circulated over the country that Senator Dubois has signed a contract with the Lyceum bureau to lecture on the Mormon question is incorrect. He has offers from several concerns which arrange tours of public speakers, but has closed with none, and will await the closing of his term in the senate before deciding what course he will pursue.

Mrs. Ballington Booth, the leading spirit in the Volunteers of America, and known the world over as "Little Mother" spent several hours in Pandemonium Thursday afternoon and evening. She was to have lectured in Walla Walla Thursday night, but her train did not reach here until the track could be cleared to the West. She made an effort to make an automobile or make some arrangements by which she could reach Walla Walla, but it was impossible, and she was compelled to remain with the train in this city.

FACTS PROVEN BY O. M. HEACOCK

That Mr. Pons, the eye specialist, lens grinder etc has never met me is a falsehood and is proven by the following telegram rec'd from H. W. Barr, secretary of Oregon State board of examiners in Optometry. I sent the telegram to Barr as follows:

H. W. Barr, Salem, Ore.  
Send names of the three Opticians examined April 11, 1906, Salem, Oregon. Telegraph, my expense, important.

O. M. Heacock

And received the following from Barr:

To O. M. Heacock, La Grande, Ore.

Heacock, Hambley, Pons. Pons passed examination in Portland last month.

(Signature) H. W. Barr.

Now I say that we were all three introduced, took examination in the same room, went to lunch together, and were together all the afternoon, while the board was looking over our examination papers. And yet he "Never knew O. M. Heacock, jeweler and optician, or never knew there was such a man in existence, until he came to town this time." This telegram also shows that Pons was examined April 11, 1906, and failed, and again took the examination and passed, as I stated in my article in Thursday evening's paper.

And yet he considers himself a specialist above the average optician as he stated.

Now about the lens grinding. I will say that Mr. Pons gets his lenses already ground the same as any of your home opticians excepting that they are not ground on the edges, that he does and gives the impression that he is grinding the surfaces for his particular patients. This amount of grinding can be done on an ordinary grindstone by any person of an hour's experience in grinding.

O. M. HEACOCK, Jeweler and optician.

TOMORROW NIGHT

On account of the delayed train service Sergeant Kitty will not appear tonight, but will appear tomorrow night at the Stewards Opera House.

FEEDLE OLD PEOPLE

Are much benefited by the use of Vinol. Hundreds of old people right here in La Grande need just such a strength maker and body builder as this delicious cod liver preparation Vinol, and we always cannot understand why they will continue to drag on a half-dead and half-alive existence, when a good quality Vinol will invigorate every organ in the body, keep the natural vigor and make them active and strong.

If you want to know how far you are, feeling and drag your old body may be made active, cheerful and vigorous, read the letter.

Mrs. Catherine Thayer, of Albany, N. Y. writes: "Six months ago I felt that I was broken down by age, and I was devoted to the weak and feeble condition of old people. The slightest exertion tired me, and I had no strength. My daughter brought me a bottle of Vinol. I soon felt an improvement. I continue its use and am now well, cheerful, and stronger than I have been for years; in fact, I feel ten years younger.

Vinol is not a stimulant and invigorates the system, but it is a genuine cod liver oil and contains what is a natural manner mixed with red blood and contains a wealth of strength. We, with every old person in La Grande, would try Vinol on our offer to return money if it fails.

NEWLIN DRUG CO.

Note—While we are sole agents for Vinol in La Grande, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
