## UNION COUNTY DIVISION BILL DEALT A DEATH BLOW BY LEGISLATURE

### ATTORNEY DELMAS HAS DISCOVERED SOMETHING

(Scripps News Association)  
New York, Feb. 15—Evelyn visited the tombs early this morning and spent all of the time allowed visitors on Saturdays, with her husband. As she entered the gates she was met by a messenger requesting her presence at the office of the attorneys. She replied after a while I must see Harry first. The messenger insisted but she passed into the gates. The messenger following whispered to her on the inside when she replied "Well I will go." She then drove away sending

word to her husband that she would return soon. Thaw demands of his lawyers that they do not permit him to be sent to the mad house. The conference this morning is believed to be with reference to this matter.

**ATTORNEY DELMAS WORRIED**  
It is said that Attorney Delmas today for the first time learned that Evelyn's connection with the divorce suit of Mrs. George Lederer wherein Evelyn was Continued On Another Page

Representative Herman Rothchild wired today noon from Salem to Wm Miller, president of La Grande Commercial Club, that the county division bill was killed.

#### GRAND DUKE CYRIL A FATHER

(Scripps News Association)  
Berlin, Feb. 15—tripped the rank, titles and honors by his cousin, the Czar, and marked for death by the Russian revolutionaries, there is no happier or more contented a man in all Europe today than the Grand Duke Cyril Vladimirovitch of Russia. Living a secluded but contented life at Coburg, happy in the love of the woman whom he married in defiance of the wishes of his imperial relatives, the Grand Duke has this week had his cup of bliss filled to overflowing by the birth of a daughter.

### MIKADO IS ABOUT TO SPRING A SURPRISE

#### Objects to any Reference to Japanese Exclusion from America

(Scripps News Association)  
Washington, Feb. 15—Mayor Schmitz has received many telegrams this morning congratulating them upon the settlement of the difficulties. They have not rescinded the order excluding Japanese from the schools and are not likely to do so. They agreed with the President however that no Japanese child properly applying for admission to the schools would be excluded. They would simply construe the state law as not applying to Japanese which they formerly held the word Mongolian to include. The delegation succeeded in bringing the administration to a point of sympathizing with the views of the Pacific Coast people and to bring the President around where he would swing his big stick over Congress. Walsh and Doyle left to inspect the school schemes of other cities. Schmitz and others will remain to attend the labor banquet which will be held in this city next week.

#### THIS LOOKS DIFFERENT

London, Feb. 15—A dispatch from Tokio this morning denies, with good authority that Japan has agreed to any solution of the San Francisco problem, the basis of

which will be to exclude Japanese labor from America. The British officials think this report erroneous and some high international affairs declare that when the Emperor passes upon the negotiations his expressions will be more startling than anything which has yet appeared in the controversy.

#### SOUTHERN SENATORS ACTIVE

The opposition of the Southern Senators was renewed this afternoon when the conference report containing the President's plans of excluding collier Japanese labor was taken to the senate.

#### VIEWS IN LONDON

(Scripps News Association)  
London, Feb. 15—It is believed here that the Mikado disagrees with any settlement of the San Francisco question that involves any reference to the exclusion of Japanese from America. The sentiment of exclusion is entirely hostile to the Emperor of Japan and the people believe if a treaty proposing in any degree of exclusion comes to the Mikado it will be followed by an imperial statement most startling to America.

#### OREGON DIVIDED JUDICIALLY

(Scripps News Association)  
Washington, Feb. 15—The senate today passed a bill providing for the division of Oregon into two judicial districts. This means that there will be two federal judges in Oregon instead of the one now located at Portland. It is very probable that Baker City will be given the other federal seat.

#### PROSECUTION OPENS ADAMS CASE

(Scripps News Association)  
Wallace, Idaho, Feb. 15—The prosecution made their opening statement this morning in the case of Steve Adams who is on trial for "timber stealing" and who is accused of complicity in the assassination of ex-governor Steunenberg.

#### STUDENT MISSIONARY CONFERENCE

J., Feb. 15—Numerous schools and colleges of New Jersey, New York and Eastern Pennsylvania have sent delegates to a big student missionary conference which began here today under the auspices of the New Jersey State Union of Student Volunteer Bands. The program extends over two days and provides for addresses by a number of speakers of exceptional ability and recognized authority on missionary topics.

#### HIS SIDE OF THE STORY

(Scripps News Association)  
Los Angeles, Feb. 15—Sixth Senator Greenwell, who is here pronounces the story from Bakersfield, as false which was in effect that Clarence Young of that city had found the senator in Mrs. Young's apartments and had taken his clothes as proof of the charge. Greenville declares that Young went to his (Greenwell's) hotel and carried away from the hat rack his hat and over coat.

#### SELLS SUGAR PLANTATION

(Scripps News Association)  
New York, Feb. 15—Mrs. Hetty Green reputed to be the richest woman in the world has sold her sugar plantation in Cuba for \$6,000,000 to a New York syndicate. She purchased it four years ago for \$1,500,000 and has since cleared the purchase price. The plantation is situated near the town of Bartle and has never been visited by post. A railroad runs quite close to it.

#### SOCIETY TO DINE ON RAW FOODS

New York, Feb. 15—Unique dinners and entertainments have been so common in New York society that they are no longer considered a novelty. But Mr. and Mrs. Frederick S. Goodwin of Central Park West have arranged a function for tonight that has challenged more than the ordinary amount of attention. The invitation is a "twentieth century banquet of uncooked foods." Covers will be laid for sixty guests who will "enjoy" a feast of half dozen courses in which every article of food and drink will be served in a raw state.

#### WOMAN SUFFRAGE CONVENTION

(Scripps News Association)  
Chicago, Ill., Feb. 15—The sessions of the third day of the national woman suffrage convention today were characterized by the same earnest work and genuine enthusiasm which marked the proceedings of the opening day. The business of the day was abbreviated in order to give the delegates an opportunity to visit Hull House, the University of Chicago and other places of interest. Tomorrow the pulpits of several churches will be given over to some of the prominent delegates and in addition there will be a public meeting in the Studbaker Theatre, with addresses by Herbert Bigelow of Cleveland, Miss Jane Addams, Rabbi Emil G. The whole number of furnaces in blast in December last was 340 against 323 on June 30, 1906, and 313 in December 1905. At the close of 1906 there were 89 idle furnaces as compared with 111 at the close of 1905.
