EXCEPTION WELL TAKEN

In dealing out a roast to the city af La Grande, the Oregon Scout, of Union says in part:

"One thing, however, we must give La Grande credit for, they are expecting to sluff off about $40,000 of their debt to the county in exchange for a court house which La Grande was to provide free of charge for 15 years.

Judging the future by the past we have plenty of fools who will vote for it." It seems that this kind of language is out of place, regardless of what La Grande has done or may do. If the statement of the Scout is to be considered seriously then a majority of the good people of this county are fools—silly, wanting in intelligence, idiots—a fact that is to be regretted, and it should be the duty of the Scout's editor to have them placed in a lunatic asylum Or in other words the individual who relieved his "think tank" of that weighty subject and a few of his followers are the wise people. We have the right to our opinion however, but won't express it this time. One thing, a great many people object to that title and the Scout will win no friends in its abuse.—Elgin Recorder

If there is a property owner in La Grande suffering with an attack of the blues, we would recommend a visit to the plant of the Palmer Lumber Company in this city. If the results of the progress which has been underway since last July, which is now approaching completion, does not expell the blues, it is an acute case and we would suggest that the unfortunate citizen waste no time in the preparation of his will. He is helpless.

There is not nearly so much speculation with reference to the presidential nomnations as there was a few months ago. There is ample time yet for dark horses to enter the race.

Foraker thot he would ride in on a popula wave as a result of the Brownsville affair but he was unhorsed before he was fairly mounted.

FIFTY CONVERSIONS

The revival meetings in the Christian church still continue. Interest is increasing and over fifty conversions have been made, Rev King of La Grande has charge of these services.—Elgin Recorder.

Some of our citizens would like to see our main streets paved, especially those who have visited Pendleton recently and noted the metropolitian change since the paving of the principal streets. Paved streets are greatly to be desired but they are expensive. The writer was in Pendleton last week and was informed that its paved streets cost the property owners $7 per front foot. This means $210 per 30 ft. lot.

We were also informed that rents along this principal streets were at the rate of $5 per front foot per month. We doubt whether all of the property on this street rents at this rate, but it is a well known fact that rents are double what they are in La Grande. When the property owners in La Grande receive rents equal to rentals in Pendleton, La Grande also will have paved streets.

Pendleton is the only town in the state with the single exception of Portland with paved streets.

Thaw's mother-in-law is certainly the primary cause for most of his trouble.

The same might be said with with equal truth regarding Evelyn's mother-in-law. This whole matter is brot about largely thru parental ignorance or indulgence

Do You Want to Know What You Swallow?

There is a growing sentiment in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed *free* to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

CURED OF LUNG TROUBLE

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a businessman of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds. Thousands of persons are healed every year. Guaranteed at Newlin drug store. 50c and $1.00. Trial bottle free.
