The riders are up. The race is on. This is the last day for candidates for municipal offices to file their petitions in order to get their names on the official ballot.

J. J. Hill is out in an interview on a hard times theory. A few months ago he could see nothing but prosperity for years to come but since the Commerce Commission has brot his line out in the lime light and suggest that he treat all shippers alike, the country is going to the bow wows. Cheer up Jim, every cloud has its silver lining and this cold old may learn to love you yet.

Who knows but what Senator La Follette may be the standard bearer of the Republican party in 1908. La Follette was the man whom the old corporation senators were going to make take a back seat. La Follette's heart is always warm to the interests of the common people and in case he should receive the nomination he would receive a tremendous following, with the possible exception of the railroad interests. But corporate interest when the fight is a straight out and out one, on present day issues, is not the power that it is, when the issue is befogged with the tariff or some other subsidiary measure.

It is noticeable that Representative Herman Rothchild did not take the precaution to wire the result of the division contest to Union.—Republican.

It is not surprising that Representative Rothchild did not notify any of the citizens of Union that the county division bill had been killed. It was simply a matter of courtesy on the part of Mr. Rothchild to notify anyone and an investigation of the result of the primary and general election will disclose the fact that Mr. Rothchild did not receive a single vote at the primary election in Union and out of a total vote cast at the June election of 419 Mr. Rothchild received only 21. These must have been accidents. Mr. Holmes, Union's candidate received 350, all but 69 of the total vote.

The Legislature is over and the Japanese war cloud has blown over. There is no reason at present at least why we all cannot have a feast on the Thaw trial.

How about that city park proposition? Some few months ago the city council was busy securing title to the lot on 4th street formerly occupied by the old jail, with the end in view of making a small city park. This was a good move and one which should not be allowed to die from want of attention. At present the half block is used by the city as a lumber yard. On all sides of this lot are some of the finest residence in the city and to say the least, the adjoining property owners are not receiving the proper consideration at the hands of the city officials, when they are confronted by these unsightly lumber piles, road scrapers and pile drivers. The lot should be parked and a few shade trees planted. Now is the time to begin to get ready.

MERELY AN INCIDENT

The defeat of the division measure before the legislature this session is generally regarded as merely an incident in the contest, which will probably come up again in two years. Union is not easily discouraged over trifles.—Union Republican.

BROKEN JEWELS

Your watch may run if a jewel is cracked or broken and it may keep fairly good time.

The pivot revolving in such a jewel, however, soon cuts and frequently breaks, thus increasing the damage and cost of repairing.

If your watch is varying, it will pay you to have it examined.

All repairs given my personal attention.
