TAKES MORNING JAUNT

The crew on the Elgin branch was called out this morning at five thirty to make an early morning jaunt to Elgin and back. The cause for it was that Wm. Morelock of Elgin and H. H. Weatherspoon, O. R. & N. agent at Elgin, were wanted at the trial which is in progress at the court house, where McGregory is bringing suit to recover damages inflicted by the burning of the Elgin O. R. & N. warehouse in which the plaintiff's furniture was stored. Sheriff Childers was the lone passenger en route but returned with the subpoenaed witnesses.

HAY'S BROTHER DIES

Rev. E. B. Hays, pastor of the Presbyterian church, has received a telegram conveying the sad news that his brother, Geo. P. Hays of Los Angeles, died suddenly yesterday afternoon. Several weeks ago, Mr. Hays was informed that pneumonia was seriously threatening the life of his brother. However, the disease apparently abated and hopes for recovery were entertained.

It would be impossible to reach Los Angeles in time for the funeral, and Mr. Hays will not make the attempt.

The deceased has been a leading grocer of that city for several years. At the time of death he was thirty-nine years of age.

NEW SCHOOL LAWS

Much legislation which effects the schools of Oregon was transacted by the session just closed, but information sent by State Superintendent Ackerman is to the effect that no legislative enactments which have just been passed affecting the school laws will be in force until May 25 of this year, at which time it is hoped to have a copy of the revised school laws in the hands of all school district boards.

CONSTIPATION CURABLE

Constipation is cured more successfully by osteopathy than any other agency. Probably nine-tenths of all cases are curable by this means. People who have been in the habit of relying upon drugs or enemata to secure this natural function will find great and permanent relief at the hands of an osteopathic physician who, instead of following the old way blindly, secures the return of normal nerve force and blood supply to the intestinal track. This is Nature's way to relieve constipation and it is a veritable boon to sufferers. Everybody's brains and spinal columns have enough latent nervous energy to provide good bowel action if it is released in sufficient quantity and properly directed.
