# MID-WINTER CLEARING SALE

OUR FIRST ANNUAL MID-WINTER CLEARING SALE

**Opens Friday Morning, January 3rd**  
and will continue until Saturday Night, January 11th

This announcement within itself is almost sufficient to crowd this store with eager customers every day during the sale, for the people of La Grande know us and the kind of merchandise we carry. They also know that we never make an announcement unless it means something. Every stock in the store will contribute its quota of bargains to this sale. In fact, no piece or parcel of merchandise will escape the ruthless reductions of the price-cutter. To competition, apparently, we will be losing money on this sale, but we know our business well enough to know that 1907 has been a very profitable year to us, and that we can well afford to close out all goods in their season, whether it be at cost or a loss. The store will be transposed into a veritable fairyland of bargains, with counters of bargain lots here and there, and everything will be marked in plain figures, strictly one price to all. At this sale you can well afford to anticipate your wants for months to come, for it will be a great bargain event and an unusual opportunity to save money. Below we quote a number of prices merely as examples of the values you will find when you come to the store.

## JUST A FEW PRICES FOR COMPARISON

### TABLE LINENS AND TOWELS.

Some of these goods are slightly soiled. However, after wash day you will not know anything of this, and for every five cents' worth of soil you will receive 25 cents reduction in price.

### WOOL DRESS GOODS.

The styles in wool Dress Goods have changed but slightly during the past several seasons, and to some it may look like business suicide for us to sell these goods at such price reductions. But when spring comes we want to start right off with the new goods unhampered by fall styles. Therefore, these reductions:

There is not an old style among these, but we feel positive that we cannot afford to carry them over, no matter what the loss may be. They must go now to make way for the new Spring Goods that will come later on. Price reductions in many instances will be something phenomenal.
