

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. MACHINERY HAS ARRIVED

FOR THE MUIR MINE IS AT NORTH POWDER.

Will Be Hauled in Over the Snow and the Mill Immediately Installed—The Mines Up Grande Ronde River Will Be Actively Worked This Year—Hopper and Kramer Have Valuable Property That Assays Well.

A stamp mill is today being unloaded at North Powder for the property purchased, known as the Muir property up Grande Ronde river, by the owners of the Indiana mine. General Manager Messner came down from Baker City this morning to superintend the unloading and arrange to have it hauled in by teams over the new road which leads from North Powder to the mines. Most of the road is covered with snow to a depth of about three feet, and is in splendid condition for sleighing, and no trouble is expected in conveying the machinery to the mine.

A force of about 20 men have been working at the mine all winter. This force will be doubled when the mill is

placed in position and actual mining commences. This mine is past the experimental stage. There is enough in sight to keep things humming for several years.

Other Properties.

At the Aurelia mine a force of about half a dozen men are shaping for the spring work and it is possible that the mill at the Muir mine may work up some of this ore. There are a number of valuable properties in this mining district that will be developed, both quartz and placer. The Al Stephens placer is all in tip-top shape for spring, when the water period arrives.

A New Mine.

H. F. Hopper arrived this morning from Baker City, where he took with him samples of "Spring Chicken," to have assayed, which went 150 to the ton in gold and 14.50 in silver. This rock was taken out of a tunnel 50 feet in 40 feet below the surface. This mine is owned by Messrs. Hopper and Kramer, located near the Muir mine, and is what is termed a low ore and requires assaying.

The Grande Ronde mining camp will be on the map during 1908, and as soon as one of the many properties becomes a profitable property, there will be others.

INDEX BRAVES.

Nine Braves From Blackfoot Visiting Their Yakima Schoolmates.

Nine stalwart Blackfoot Indians, dressed in all their finery, left on the Northern Pacific train last evening for Yakima. They were from Pocatello and for the past three days have been visiting their friends on the Umatilla reservation.

All had bright colored handkerchiefs, the broad brimmed hats in which eagle feathers were stuck and most of them wore gaudy-looking earrings and other showy articles.

"We came from Pocatello and are going over to Yakima to see the girls," laughed one in answer to a question. And in the language of the street, they were certainly dressed to kill.

They were an unusually bright and intelligent looking lot of Indians, while the average height of the nine was apparently above six feet. If the Yakima squaws do not surrender to these Blackfoot braves it will surely be because Cupid is off duty this month.—Pendleton Tribune.

Everybody Pleased.

There was a large crowd at the opera house last evening to witness the performance of the Grand Jubilee singers, under the auspices of the public school. The performance was all that was expected, and the school netted the snug little sum of about \$50.

Treasurer's Call for County and Road Warrants.

Notice is hereby given that the undersigned treasurer of Union county, Oregon, has funds on hand with which to pay all county warrants that were presented and indorsed prior to April 1, 1905, and all warrants on the road fund endorsed prior to December 19, 1907. No interest allowed on the above warrants after January 10, 1908.

JOHN FRAWLEY,
Treasurer of Union County.

Presbyterian Church.

Sunday school, 9:45 a. m., W. L.

RECEPTION AWAITING FLEET

A land and water display was outlined yesterday for San Francisco in an address to the citizens read at a meeting of the mayor's committee for the reception of the United States battleship fleet on its arrival here. Daily and nightly for not less than a week this city will be the scene of pageants and various forms of entertainment and gaiety in honor of the 22,000 officers and men who will represent the power of the nation afloat. Decorations and illuminations will give to the streets and harbor a gala effect and embarcaderos, pavilions and triumphal arches will be constructed, while balls, theater parties, outings and athletic sports will give the last touch to the entertainment program.

One hundred thousand dollars will be expended to sustain the reputation of San Francisco for hospitality and of the Pacific coast for patriotism. This sum will be raised by subscription from the people and by municipal appropriation. Wright, S. W. Seemann, D. D., minister.

Cease Coining Silver.

The mint at Philadelphia has been ordered to cease coining silver and coin only double eagles. About \$1,000,000 gold a day will be coined.

You cannot discount the patriotism that never warms up till the pocket-book is in danger.—GRIT.

Blue Mountain Creamery Co.

The law requires milk to test 3.2 per cent. Our milk is guaranteed to test 5 per cent. Our sweet cream is pasteurized, thereby insuring purity.
