Is Cutting 1000 Cords of Wood for Spring Delivery.

R. D. Hamilton has just returned from a tour which included Portland, Seattle and Walla Walla. He was interested in the lumber and wood markets, and reports everything exceedingly quiet just at present, but things will open up within the next two months. Mr. Hamilton has two crews at work cutting wood and will add another crew Monday. He will cut 1000 cords. Walla Walla wood dealers expect to place their annual contracts early in the spring. While the prices will not rule as high as last year, the quantities consumed will be about the same. The price of coal in Walla Walla will have its effect on keeping the price of wood down.

**A Mother Testifies**  
This is to certify that my daughter was down for almost one year with a cold. The doctors finally pronounced it consumption. We had given up hope for her recovery. I was given a sample bottle of Foley's Honey and Tar. I gave it all to her in about three hours. It stopped the cough, and gave her rest. I sent next day and bought a 50c. bottle and began giving it. In three month's time she was well. There can not be too much said in favor of Foley's Honey and Tar. It saved my child's life.
