WALLA WALLA GIRLS WIN OUT

Walla Walla, Wash., Jan. 25.—(Special.)—In a fast game of basketball the strong Pendleton five which played at La Grande recently, went down in defeat before the local high school team by the decisive score of 25 to 15. The visitors from eastern Oregon were not in their usual trim and showed a deficiency in skill and combination that is usually evinced in their games.

The news of the above game was received in La Grande with both joy and the reverse. It will necessitate a game with Walla Walla, should the local girls defeat the Pendleton team at the next clash on February 7. By hard practice the locals hope to reach a stage of perfection that will defeat the Walla Wallans later in the season.

ANOTHER LIGHT PLANT.

The Peoples Store Installs Private System.

The electric light situation in La Grande has caused some of the merchants to put on their thinking caps in order to solve the problem. The last plant to be installed to date is the one which will illuminate the Peoples Store this evening. It is an old saying that necessity is the mother of invention, and in this case it certainly proved true. The dynamo was secured from the fiber plant near Summerville and the gasoline engine was taken from a traveling wood saw. The combination is properly installed now and this evening the Peoples Store and the Red Cross drug store will be lighted by this improvised plant. Other merchants are attempting to solve the problem in various ways and it will be but a matter of a few days before most of the stores will be operating private plants.

JUVENILE MUSICAL.

Given This Afternoon at the Home of Mrs. E. C. Moore.

The home of Mrs. E. C. Moore was the center of music and mirth this afternoon, the occasion being a musical by a number of little girls. The rooms were decorated with Oregon grape. The souvenir cards contained the following appropriate quotation, which those present retained as a memento of the pleasant afternoon: "Let your voices with gladness ring. Clear as songs of birds in spring. Let every day some music bring." Those taking part in the program were Naomi Kirtley, Inez Knowles, Stella Bodmer, Martha Watson, Ethel Wright, Sadie Young, Hazel Young, Marie Bolton, Carol Currey, Amelia Collier, Bessie Buehler, Helen Currey, Alice Hill, Janette Smith, Margaret and Gertrude Moore.

FLOORING SINKING.

Tallings to Be Used for Releveling Defective Round House Floor.

The block flooring of the new round house is sinking, and tallings are to be employed in bringing the floor surface back to the desired level. Leakage from water pipes has saturated the foundation, causing depressions in many places.

There are about five carloads of the material here which is to be used for this purpose.

BACK IN SHOPS AGAIN.

Engine of Cayuse Wreck Suffers Slight Defect and is Once More in Shops.

The passenger engine that killed Fireman McFarridge at Cayuse last year, and seriously injured Engineer Fred Schilke, is again in the machine shops for slight repairs after a brief run on the road. When overhauled and repaired at the Albina shops, she was sent on the regular runs again, but a defective air pipe necessitated another visit to the hospital, this time the La Grande shops. The monstrous piece of mechanism

has an awe-inspiring halo about it, and workmen in the shops invariably think of the wreck when passing the engine or doing repair work on it.
