Our Reading.

There are four kinds of readers. The first is like the hour-glass; and their reading being as the sand, it runs in and runs out, and leaves not a vestige behind. A second is like the sponge, which imbibes everything, and returns it in the same state, only a little dirtier. A third is like a jelly-bag, allowing all that is pure to pass away, and retaining only the refuse and dregs. A fourth is like the slaves in the diamond mines of Golconda, who, casting aside all that is worthless, retain only pure gems.—Coleridge.

NO IMMUNITY FOR RUEF—WHY?

No immunity is to be granted to Ruef, the "rich criminal." Why? Because Judge Dunne—honor to him—refused to be a party to a secret deal by the prosecution. Immunity was offered to Ruef if he would testify. If he would tell the truth? No, no! If he would promise to testify just as he was told to testify. That is the game which Judge Dunne blocked—honor to him! Was such a spectacle of civic debauchery, masquerading in the guise of justice, ever witnessed in America? Who would have believed that we should ever see in this land an attempt to induce a court—an honest and protesting court, thank God!—to uphold and promote what Judge Dunne denounced as secret commerce between an officer of the court and a perjurer?—Los Angeles Times.

Much has been written. Much has been said. Considerable energy and considerable money during the past 25 years has been expended on the mines up Grande Ronde river, but the fact that the work now under way on the Muir mine, when completed, will reveal the true character of the country from a miner's view, more than all of the former efforts combined. When the 1000-foot level is reached and the ledge proves to hold its own, it will be the means of attracting capital and mining men who will be sinking in a dozen or more ledges in this camp that are now known to exist to say nothing of the unhidden treasures that have been walked over daily. There are two or three properties immediately opposite the Muir mine that, as far as developed, offer every promise of being good properties. If the vein in the Muir mine holds out to the 1000 foot level, these other mines will; and what is true of these prospects are equally true of others. One good, permanent dividend producer in the Grande Ronde mining district will soon place other properties on the same footing.

It is an assured fact that the supplies go into a mine over the same route that the products of the mine go out. If the concentrates go to North Powder, the supplies will go in with the returning empty teams; if the concentrates go to Hilgard, so will the supplies, including the hay, grain, produce, meats, fruit, etc., which this valley produces. It is simply a matter of roads, whether Baker or Union county secures the bulk of this trade. It is a fair fight—may the most worthy

win. It must not be overlooked at the present time. Baker county has a little the best of it, but they can never overcome a water grade, providing we build a road along the water grade.

It seems that certain Baker City and Baker county officials were depending upon the ministers to furnish a lot of evidence. While the ministers may, earlier in the season, have been derelict in their duty, the officials who took the time to read the circular the Ministerial association issued a few days ago, will concede that they have been making up for lost time lately.

At the present time there are 37 students enrolled from Union county, attending the Weston Normal school; One from Kamela, 11 from Elgin, Cove 19, Summerville 3, Allice 4, La Grande 6, Union 2. It is safe to say that a strictly up-to-date county high school would keep no less than 39 of these students at home.

In Breathitt county, Kentucky, not long ago, a widow desired a lead coffin for her deceased husband, but after it was pointed out to her that the corpse was already filled with lead, it seems she was dissuaded from pressing the matter any further.

The Missouri papers bewail the fact that Governor Folk is not much heard of any more. Can it be possible that there is nothing left to reform in Missouri?

It is a little surprising that a state like Indiana, having an inexhaustible supply of natural gas and no end of politicians, does not undertake the balloon industry.

One great drawing feature of the coming national republican convention is that neither Chauncey Depew nor Tom Platt is likely to be present.

The worst feature of the race for the presidency is that the number of candidates will make it impossible to curtail the speeches in the convention.

It remains to be seen whether or not Baker City will continue to remain as the only wide open town in the state.

As far as Canada is concerned the phrase, "Our beloved allies, the Japanese," is purely a London expression.

McFarland in Philly.

Philadelphia, Jan. 28.—Packy McFarland, the husky Chicago lightweight, will meet Young Loughrey, the clever Philadelphian, in a six-round bout to take place before the National Athletic club tomorrow evening. Loughrey has given Tommy Murphy three hard battles and has met other good men, and should be a hard nut for the Chicago fighter to crack.

Sell Naval Drydock.

Washington, Jan. 28.—Under the hammer of the auctioneer, the government today disposed of the old naval drydock at Port Royal, S. C. The dissolution of the naval dock there has been slow but sure, and for all practical purposes was abandoned some time ago. Today's sale at public auction marks its end as a government dock.

Exposition in Ohio.

Toledo, O., Jan. 28.—A great exposition in Ohio in 1913, to mark the centennial of Commodore Perry's memorable victory in the naval battle off Put-in-Bay in 1813, is now being seriously considered and preliminary arrangements are already being made for the festivities.

The Schuebel Appointment.

Washington, D. C., Jan. 28.—A subcommittee of the judiciary committee, of which C. W. Fulton of Oregon, is chairman, met tonight to consider the matter of the Schuebel appointment to the federal district attorneyship.

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbagos, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers free. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

NOTICE OF FINAL ACCOUNT.

Notice is hereby given that the undersigned have filed in the county court of the state of Oregon for Union county, their final account as administrators of the estate of John Peach, deceased, and that said court has fixed Tuesday, the 4th day of February, 1908, as the time, and the court house in La Grande, Oregon, as the place for hearing all objections thereto and settling the same.

WILLIAM G. PEACH, JAMES S. PEACH, Administrators of the Estate of John H. Bay, Deceased. W-1-3-31 COCHRAN & COCHRAN.

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned has filed her final account as administratrix of the estate of John H. Bay, deceased, and the county judge of Union county, Oregon, has appointed Tuesday, the 3rd day of March, 1908, at two o'clock p. m., at the court house in La Grande, Union county, Oregon, as the time and place for hearing of objections to such final account and the settlement thereof.

1-24-3-21 MRS. ANNA B. BAY, Administratrix of the Estate of John H. Bay, Deceased.

DO YOU KNOW? That a man can judge whether they be truths or not, his understanding is but little improved, and thus men of much reading, though usually learned, but may be little knowing.—Locke.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true, and if not, write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use are so highly recommended. This of itself, is of far more weight and importance than any amount of so-called "testimonials," so conspicuously obtained, before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One laxative, two or three cathartics.

DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a

sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds." Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject: "I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed. "I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me.

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities.—A. T. Hill.

I am not one of those who do not believe in taking a second look.—H. believe in love at first sight, but I Vincent.
