INVITE DELEGATES TO OREGON FROM DENVER

Portland, Feb. 2.—(Special correspondence.)—Portland business men have determined to make a united and most enthusiastic effort to secure from the Trans-Continental Passenger association a special rate through to Portland and other points in the Pacific northwest for delegates and others who will attend the national democratic convention to be held in the metropolis of Colorado next July. This was the topic of a meeting held at the parlors of the Portland Commercial club Friday night and letters were forwarded Saturday to the meeting of the passenger agents now in session at Coronado Beach, Cal. The round-trip rates that will be in vogue from Portland and other Oregon points to Denver will make it easy to organize a party of representative business men from all parts of the state and send them on a special train to Denver, where an extraordinary effort will be made to convince the delegates in attendance upon the convention of the special attractions of the Oregon climate during the hot season.

February 22d has been selected as "Rose Planting Day." Five thousand bushes will be planted that day in the city parks, and it is confidently believed that 50,000 more will be put out in the yards and gardens of Portland and vicinity.

An extended editorial in the Billings, Mont., Gazette, speaks of the vast amount of advertising Oregon is

receiving through the newspapers of that state as a direct result of the prize offer made by the Portland Commercial club.

Three hundred persons were in attendance upon the third annual banquet of the Hood River Commercial club on the evening of January 31. A special Pullman sleeper went from Portland, filled to its capacity with representative business men of the metropolis. Among the guests was Governor Geo. E. Chamberlain.

A number of eastern people are anxious to establish banks in Oregon, particularly those with a capital of from \$15,000 to \$25,000, with the newcomer putting in from \$5000 to \$15,000.

Portland has determined to give the great "Inland Empire Excursion," which spends all day Saturday, February 8, in this city, a most cordial reception. Two hundred and fifteen persons compose this party, the trip is made under the auspices of the Spokane chamber of commerce and Walla Walla Commercial club, and the entertainment they receive here will be an index of that extended at other Oregon points where they make stops. The purpose of this excursion is to induce the thousands of tourists now in California to return to their homes by way of the Northwest route.

Big cargoes of lumber are leaving Portland to be used in the construction of the Panama canal.

Dissension in Ranks.

The circular issued over the signature of the Ministerial association, has caused no end of comments and discussion on the streets of the city; as to the wisdom of such a circular there is a wide difference of opinion, says the Baker City Democrat. But that it has caused serious difficulty in the association itself certainly would indicate that there is a wide difference of opinion in the association.

It was known on the streets last night that Dr. Hayden had been advised that the association could not fellowship with him and that henceforth the association would get along without his advice and counsel, concerning which, in an interview with the doctor last night he said the truth of the matter is he had been let down and out. Referring to the preparation of copy for the printer, the doctor said: "I was called to the study of Mr. Varney on Saturday morning at about 10:30 and found present Rev. Mr. Varney, Rev. Mr. Dullin, Rev. Mr. Finger, Rev. Mr. Edmunds and they were talking in a general way on the subject of the circular.

It was my impression that the circular was to deal with the official misconduct of officers of the city and county and not to deal with personalities, and at 11:30 o'clock I left and before going I cautioned these gentlemen that in the preparation of the circular they be very careful and make no charges beyond such things as could be proven beyond all doubt.

The circular was prepared in the afternoon, and I am advised, taken by Mr. Varney to the printer, and I never saw the copy nor did I know the contents of it until I saw it in print.

In the afternoon I called Mr. Varney by phone and I was answered by a lady. I asked if the paper had been prepared and she replied that it had and that Mr. Varney had taken it to the printer. I do not take issue with the facts contained in the circular, but I do seriously object to the language in which the circular appeared.

Tacoma's Big Stick.

The largest stick ever sawed here was at the Tacoma mill some years ago, when a timber 40 inches square and 80 feet in length was turned out. At the St. Paul & Tacoma Lumber company's plant timbers 40 inches square and 70 feet long have been sawed. The same plant has also turned out timber 30x30 inches and 50 feet in length and others 110 feet long and 24 inches square. A well known mill man said recently that for big timber the Columbia River mills have to send to Puget Sound. Very frequently they have to send here for extra dimensions, as no such big logs are to be found along the Columbia.

NINE CONTEST CASES.

Busy Week in Realm of Land Contest Cases in La Grande.

Nine land contest cases have been disposed of in the United States land office in this city during the week just ending today. This is an exceptionally large list. The final decision on these cases will be received by the parties interested any time from three to nine months hence.

Shall We Sell the Philippines?

Recently a few have suggested the propriety of selling the islands to the Japanese; but what right have we to sell \$,000,000 of people to any foreign power? It is merely an evasion of the issue to say that we would only sell the land, for that would be counting the people as less important than the land upon which they live.

The sale of the Philippine islands to any foreign power is so contrary to the instincts of our people and to our theory of government that it is scarcely worth considering. It is not likely to be proposed in congress and would not receive any substantial support if it were proposed.—William J. Bryan in February World for Today.

Hetty Green's Son First.

The first corporation charter under the new and rigid Texas law was issued today to E. H. R. Green, son of Mrs. Hetty Green of New York. The new law requires that 50 per cent of the capital stock must be paid in money and all stock subscribed before a charter can be issued. These facts have to be sworn to.

Green launched the "Cash Oil Co. of Dallas." Some of the wealthiest men of Dallas are his associates. He has obtained control of 10,000 acres of land at Cash, in Hunt county, where large deposits of petroleum have been discovered.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery, and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1 at the Newlin Drug Co.'s drug store. Trial bottle free.

Good Record.

Sheriff J. M. Grant reports that the delinquent tax list amounts to only \$231.56 this year, which is probably a lower sum than that of any other county in Oregon.—Polk County Observer.
