SKATING NOT PERMITTED

In View of the fact that I desire to cut and house ice on my pond west of the city, known generally as "Dutch Pond" for use as commercial ice, I hereby forbid anyone from skating on the same and all trespassing will be prosecuted.

JULIUS ROESCH.

YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.

AN ARRAY OF GOODIES

that will please anyone with a palate—young or old; male or female—is here displayed, not only on special occasions, but every day in the year our shop's open. A taste for candy is not confined to children and women only. Men we all like them.

E. D. SELDER

SHIP HAY TO FAR EAST

A seemingly well founded report has come to Baker county hay growers that the United States government is preparing to purchase about 7000 tons of timothy baled hay, and that an agent of the government in Portland, or soon will be there, to contract with Portland commission men.

If this be true eastern Oregon will be called upon to furnish the hay and as Baker county has a surplus, and the quality the best raised in Oregon, of course she will be in the market for perhaps the whole amount.—Baker City Democrat.

PENDLETON TO MAKE LIGHT

That Pendleton's city council is seriously considering the proposition of municipal ownership of an electric lighting plant developed at last night's meeting, says the Pendleton Tribune. It came up in connection with the renewal of the contract with the Northwestern Gas & Electric company for the city's lights.

After a brief discussion the light committee was authorized to enter into contract with the company for two years only as it seemed to be the impression that by that time the city might be in a position to furnish its own light and power. The contract provides for the furnishing of eight additional street lights with the same cost to the city as at present, bringing the price paid for each arc light down to \$7 per month.

The proposition of municipal ownership was brought up by Assessor Strain who called attention to the fact that the city of Milton, which owns its own plant, has under consideration plans for increasing the capacity of its plant and is willing to make the increase sufficiently large to be able to furnish this city with all the light and power that would be needed for years to come. It was stated that Pendleton could either buy its power of the city of Milton or could ask permission to buy stock in the plant.

The Milton proposition was submitted as an alternative in case it should be impossible for the city to get a right of way across the reservation for an extension of its water system and the establishment of an electric light plant in connection.

Strain declared that according to the assessment rolls of Umatilla county and Walla Walla county, Washington, the total value of the Northwestern Gas & Electric company's electric equipment is \$347,000, while the net annual income of the company is probably \$100,000, or five per cent interest on a principal of \$2,000,000. Even if the income were only half this amount, it would be seen that the profits of the company on the amount of money invested was something enormous.

If you want to sell your property, list with us. We sell more real estate than anybody. Don't list with us unless you really want to sell, because to list with us means to sell.

GOBBLERS GOBBLE.

Initiations and Banquet by Members Held Last Evening.

Initiation, a banquet, toasts and a smoker occupied the evening last evening as far as local Gobblers were concerned. Following initiatory work about 30 members fell in line for mess and for an indefinite period of time, palatable goodies occupied the center of attraction's stage. New songs especially adapted and applicable to the basketball team which plays at Pendleton tonight, were rehearsed and new yells drilled.

O. R. & N. Improvements.

The work of improving the O. R. & N. line between Hood River and Portland goes steadily on. Long lines of track are being straightened out, and wherever it is necessary to improve the track, tunnels are being cut through the mountains. The O. R. & N. are calculating that the north bank road will be a formidable competitor, and they are placing their roadbed in shape to give them a race for supremacy. The mail contract is of great value to the road and they purpose to hold it by placing the track in such shape so as to materially increase their speed.—Hood River News-Letter.

Annual Meeting.

The annual meeting of the shareholders of the Farmers & Traders National bank will be held at their banking house on Tuesday, February 11, 1908, between the hours of 10 a. m. and 12 m., of said day, to elect a board of five directors to serve for the ensuing year and for the transaction of such other business as may come before said meeting.
Dated January 10, 1908.
J. W. SCRIBER, Cashier.

"Buster Brown."

The new edition of the ever popular musical comedy, "Buster Brown," is announced for the Steward on February 18, with Master Reed as "Buster." This new revised and enlarged edition might with truth be classed as the edition de luxe, as it will give us new costumes, scenery, songs and music, and we are promised the best cast of players yet seen, and a big chorus of show girls.

BRICK IS CHEAPER

This building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.
