Resolution.

Be it Resolved by the council of the city of La Grande, Oregon, that a five-foot sidewalk be built on and along the north side of Jackson avenue from its intersection with North Fourth streets, southeasterly to the intersection of said Jackson avenue with North Birch street, said walk to be built at the expense of the abutting property and to be completed within 90 days.

Dated at La Grande, Oregon, this 5th day of February, 1906.

I. R. SNOOK,
Recorder of the City of La Grande,
Oregon 2-11-106

Trees—If you want cherry or apple trees, get prices from the Union nurseries, Union, Ore.

For Biliousness and Sick Headache.

Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs. Orino Laxative Fruit Syrup cures biliousness and habitual constipation. Does not nauseate or gripe and is mild and pleasant to take. Remember the name, Orino, and refuse to accept any substitute. A. T. Hill, druggist.

If you want to sell your property, list with us. We sell more real estate than anybody. Don't list with us unless you really want to sell, because to list with us means to sell.

REAL ESTATE, LOAN & COMMISSION CO.

REPAIR THE FLOORING

Defective flooring in the new round house is being replaced by something more substantial. Carloads of tallings have been brought to La Grande, and wherever water seepage has undermined the floor and caused deep depressions, the bituminous blocks have been removed to allow adjustment of difficulties beneath. In some instances excavations to the depth of four feet have been made and these tallings tamped in to floor level. The blocks will again be put in place and hereafter there is but little danger of trouble on this score.

These defective places in the so-called substantial floor are quite numerous, but a crew of workmen will soon have them all remedied.

NEW GAS-ELECTRIC CAR.

Will Take the Place of Steam Engines and Trains on Short Lines.

A new gas-electric car which, it is prophesied by railroad men, will revolutionize railroading on short lines is being carefully tested out at Schenectady, N. Y. The car was designed and produced by the General Electric company, and is being thoroughly tested on all grades and curves. Its performance so far, under all conditions, has been satisfactory in every way, showing a speed of 30 miles an hour over heavy grades and over 60 miles an hour under more favorable conditions.

This new type of gas-electric car takes the place of steam engines and trains on short line work. It combines in one the power house, transmission lines, sub-station and all the benefits of electric traction without the costly and cumbersome features of the trolley. A powerful gas engine in the forward compartment drives an electric generator. The current obtained in this way supplies power to the motors which drive the car. The gas engine, which consumes gasoline, runs very smoothly and the electrical equipment assures perfect control of speed, even acceleration and as comfortable riding as is enjoyed in the modern interurban electric.

The car is of the combination type and comprises one ordinary passenger compartment, a smoking room, a baggage room, an engine room, a toilet and an observation compartment. The dimensions are as follows:

Length over all, 50 feet; width over all, 8 feet 8 inches; height over all, 12 feet 19 1/2 inches; seating capacity, 44; total weight of car, 31 tons.

The shape of the ends of the car is parabolic in order to reduce the air resistance to a minimum when traveling at high speed. The exterior is of steel plate and the interior is finished with selected Mexican mahogany. No wood is used in the engine room. The seats are upholstered in green leather. The interior is lighted with individual electric lights and the car is equipped with an electric headlight. Storage batteries keep the lights burning when the engine is not running.

The main feature of the car is its power equipment. The eight-cylinder gas engine develops 150 horse power and is coupled to a 120-horse power direct current generator. The two motors which drive the car are each rated at 60 horse power.

Grafting

is a dead issue. So says Dr. H. C. Parker of the Indiana School of Medicine, in Collier's Weekly. We concur with him. Blue Mountain Cough Syrup will cure your cough, not as pleasant to take as some others, but it contains the ingredients that will positively and absolutely cure that cough. RED CROSS DRUG STORE.

NOTICE OF FINAL ACCOUNT.

Notice is hereby given that the undersigned have filed in the county court of Oregon for Union county, his final account as administrator of the estate of D. B. May, deceased, and that said court has fixed Tuesday, March 3, at 10 o'clock a. m., as the time and the court house in La Grande, Oregon, as the place for hearing all objections thereto and settling the same.

Dated this 30th day of January, 1906.

B. T. MAY,
Administrator of the Estate of D. B. May, Deceased.

Strayed.

There came to my place 2 1/2 miles east of La Grande, about Nov. 1, 1907, bay driving mare, branded 66 on left hip; weight about 1050 pounds. Owners may have same by paying pasturage and for this notice.

W. J. HUGHES,
Route 2, La Grande, Ore.

Announcement.

Jack Childs explains his position: I wish to say to my friends and republican voters that I will be a candidate for the nomination for assessor of Union county, on the republican ticket, at the coming primary election.

I will give a few reasons for thinking I am qualified for the office. I have dealt largely in real estate in the county, having bought and sold timber, grazing and farm land, besides handling city property, and have also had a varied experience in city improvements. Having been in several kinds of business should qualify me as a pretty good judge of the value of merchandise, and if elected I should be able to make a fair and
