YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.

MINERS RUSH TO ALASKA

Seattle, Wash., Feb. 18.—The spring rush to Alaska is now on and bids fair to rival in extent that to the Klondike regions a decade ago. Indications are that 20,000 miners and prospectors will go to northern gold camps during the next few months. Prosperity and high wages reign in every mining camp in Alaska and the British Yukon. In addition the Morgan-Guggenheim-Havermyer interests are building the Trans-Alaskan railway up the Copper River valley to reach what Henry Bratnober, for years the London Exploration company's copper expert, declared is the greatest and richest copper district yet discovered anywhere. New gold strikes are reliably reported from the outlying Klondike creeks and from the Stewart, White and Pelly rivers, Tanana, Koyukuk and Copper River districts.

ANTI-SALOON LEAGUE AT WORK.

Crusade Against Saloons in Walla Walla Has Been Instigated.

Addresses in four local churches were made yesterday and last evening by Ernest N. Cherrington of Seattle, state superintendent of the Anti-Saloon league, and by W. J. Herwig of Spokane, district superintendent of the organization, says the Walla Walla Union. Over \$600 was subscribed by members of the First Presbyterian, Central Christian, First Methodist and Marvin M. E. church south, as well as by attendants at a special meeting held at the Young Men's Christian association. The visit of the two speakers was made in conformity with their policy of reaching every city of size in Washington.

"During the past year," said Mr. Herwig, "the league members have spoken in 700 churches of hte state. In that time they have distributed over 5,000,000 book pages of temperance literature.

"The league is making a hard fight for local option. In advocating local option we favor the precinct, municipal and county features. That is to say, we wish it possible for the people of a precinct, municipality or county to vote on the liquor question. Upon the petition of 30 per cent of the residents, provision must be made either by the city council or the county commissioners for the holding of an election on the question. The decision of the majority will abide."

JUDGE S. A. LOWELL REPLIES

(Continued from page 2.)

ment to that historic instrument which will vest the election of senators in the people of each state alike, but the concurrence of three-fourths of the states is necessary to secure such amendment, and while the present provision remains it seems preposterous to assume that a single state can elect a democratic legislature and expect or require the members thereof to choose a republican senator.

The party pledge I have set forth in the above letter will be accepted almost without exception by the opponents of statement No. 1, and by it the direct primary will be saved to the people. All the abuses of the past in the election of senators will thereby be obviated and for the sake of the perpetuity of the primary law, which is the measure in which every patriot is interested, it would seem that the advocates of the famous statement No. 1 can well afford to eschew theory and rest upon reason.
Respectfully,
STEPHEN A. LOWELL.

Many Teachers Fail.

Out of the 26 would-be teachers who started upon the recent county examinations in Pendleton, only 15 succeeded in making passing grade. Three others retired from the game before it was finished because they feared they could not pass.

The questions for the examination were prepared by the state superintendent and the fact that they were difficult is shown by the number of failures.
