May Raise the Maine.

For 10 years the wreck of the United States battleship Maine has remained nearly submerged in Havana harbor, and little has been done toward raising the hulk and giving proper burial to the dead sailors still in the wreck. Now, however, it has been found that the wreck is in the way of the entrance to new wharves which the government is about to construct, and the hulk may be raised. Commercialism has at last forced upon us what our patriotic duty to the dead should have made imperative.—Spokane Chronicle.
