NEW RECORD FOR CREAM

The Blue Mountain creamery broke its record for this season of the year Saturday, when its patrons brought in over 2000 pounds of cream. Later on in the season, when the grass comes, this amount would not attract any attention, but it shows conclusively how the dairy industry of this country is growing. Notwithstanding the large amount of cream that is being received, the creamery is behind with its orders.

Suffragists in Washington.
Washington, D. C., March 3.—Bark, bark, the dogs do bark, the women are coming to town, some in rags and some in tues, and some in silken gowns.

The women are, one and all, suffragettes, and have come to Washington to appear before today's meeting of the woman suffrage committee of the senate, of which Senator Clay is chairman, and urge a 1th amendment to the constitution of the United States, extending to women the right of suffrage.

The hearing promises to be one of the most interesting, if not the most important of the present session. Nearly every section of the country is represented among the delegates who have come to demand a favorable report on the proposed legislation.

Mrs. Ballantine, daughter of the late Tom Reed of Maine, is the leading spirit in the movement, which recalls the vigor with which he distinguished father opposed woman suffrage. His report on legislation proposed during his life is still regarded as the strongest possible argument against woman suffrage.

Philippine Teachers to Meet.
San Francisco, March 3.—Dr. Guy Hall Roberts, of the department of political science of the University of California, sails today for Manila, where he goes by appointment of the government to deliver a series of lectures before a great convention of Philippine teachers. The meeting will begin April 1 and last six weeks. Several educators are being sent by the United States to address the convention.

SPOKANE WINS GAME

Walla Walla, March 3.—(Observer Special.)—Climbing its title to the championship of Washington, by quieting all claimants to that honor, Spokane high school won from the Walla Walla high school here last evening. In the fastest game of basketball seen here this season. The score ran neck and neck part of the time, but in the end, the northern people had a score of 33 to Walla Walla's 22.

Not content with Washington's championship, the quintet has gone to Pendleton, where it will play the high school team of that city tonight.

ANARCHIST-TALK INCENTIVE

(Continued from page 1.)
which is being looked for, but has not yet been captured. Three hundred suspects are being watched any many will probably be placed in the custody of the police before the end of the day. These will be put through a searching examination which may lead to complete exposure of the activities of the various anarchistic groups in this city. The police have decided to establish a rigid censorship on "red" literature and prevent much of it from being freely circulated in Chicago. They have also decided to break up the meetings of the violent anarchists as they tend to promote crimes such as was attempted yesterday. Averbuch was a devout Jew and spent hours praying in his closet prior to the assault.

Plot to Kill Busse.
The police claim to have unearthed a gigantic plot in which the lives of Mayor Busse, Chief Shippy and Captain O'Brien, of the detective department, were marked for death. Today the Chicago police have planned a round-up of every "red" in the city. The cult will be driven from the city as if they were plague-infected rodents. Isador Maron, Averbuch's friend will confess, it is said. This morning he told his captors he would tell all he knew.

BARTLETT TRIAL IS ON

and excused: O. F. Coolidge, D. A. Barnes, C. E. Golden, Garret Blockland, William Cantrell, J. M. Gilkinson and W. K. Davis.

There is every indication that both sides are taking the greatest care. Court Reporter Hanna is reducing to writing all of the questions and answers asked each juror under examination. This is usually omitted, except in murder trials.

It is expected that during the afternoon session the complete jury will be selected and the taking of evidence will probably begin tomorrow morning.

PLANS ARE FORMULATED

What is believed to be the best solution to the financial situation of the La Grande Commercial club, was partially formulated at a meeting of the committee appointed for that purpose at the mass meeting Friday night.

The plans are in the embryo, however. The committee is not ready at this time to make its plans publicly known. The members went over the situation carefully last evening and worked for several hours. The results of the meeting are encouraging, it is said, and at the meeting next Wednesday night of this same committee, the plans will be rounded into shape for public presentation.

The members of the committee who were present at the meeting in the club parlors last evening were: Judge T. H. Crawford, J. W. Scriber, J. Roesch, N. Bolton, F. S. Ivanhoe, Mac Wood and W. B. Sargent.

GROW BEETS IN HERMISTON

The Amalgamated Sugar company is planting sugar beet propaganda, not only in a greater territory in Union and Wallowa counties but also in Umatilla county, according to a contract that has been entered into between the company and a land owner of Hermiston.

This man has contracted to take 40 acres and cultivate them along lines that will bring the best results. If the tentative crop proves a success, additional acreage will be devoted to beet culture in Umatilla county next year. Officials have every reason to believe that this will be the outcome of the project. Field Manager Sibbey will personally visit the wheat-growing county soon and make effort to inculcate a desire among the citizens there to grow sugar beets, he believes the industry will soon be firmly rooted in Umatilla county.

The company will pay the same prices to Hermiston growers that it does in this county. Four dollars and fifty cents per ton f. o. b. the cars at Hermiston, is the price the company will pay.

Another Food Sale.
The ladies of the Baptist church will give their next cooked food sale at the DeCook & Fritts furniture store on March 14.

REBEKAHS TO CONVENE

The Rebekah lodge of this city will be host to a district convention of that order on March 5. Arrangements for an interesting gathering are now under way. It is requested by the committees in charge that all visiting Rebekahs plan to attend this convention. It is unnecessary to state that all local members are in line with their personal aid.

Further announcement will be made later, as to the program.

Harriman's Daughter a Bride.

New York, March 3.—Miss Cornelia Harriman, daughter of Mr. and Mrs. E. H. Harriman, and Robert Livingston Gerry, were married today in Grace church. In many respects the wedding was the most brilliant of the social season just closing, the guests including scores of men and women whose names are familiar in social and financial circles throughout the world. A reception in the Harriman house,

874 Fifth avenue, followed the church ceremony.

Miss Mary Harriman, sister of the bride, was maid of honor. Another sister, Miss Carol A. Harriman; a cousin, Miss Ruth Averell of Rochester; still another cousin, Miss Marion H. Clarke; Miss Elsie Howland, Miss Anita Peabody and Miss Margaret Dis were the bridesmaids.

The groom had his brother, Peter Goelet Gerry, as best man. Averell Harriman, a brother of the bride; Aaron Davis and John S. Ames, of Boston; William Stackpole, Monson Morris, Frederic Kernechan, Brandish G. Johnson and Robert Goelet served as ushers.

No Use to Die.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, la grippe, asthma, bronchitis and hoarseness, is sold under guarantee at the Newell drug store, 50c and \$1. Trial bottle free.
