Brazilian National Exposition. Washington, March 14.—According to the announcement of Irving B. Hudley, American ambassador to Brazil, entries for exhibits at the Brazilian National exposition to be held from June 15 to September 7 of this year, will close tomorrow. The state department has urged manufacturers to make displays at this exposition and many have made arrangements to do so. An adequate representation of the Commercial interests of the United States, it is believed, will go far toward overcoming the trade supremacy of European manufacturers in Brazilian markets. This exposition is in celebration of the 100th anniversary of the opening of the ports of Brazil to international commerce. Attention has been invited to it on four different occasions in the consular reports published by the department of commerce and labor, in which it has been pointed out that it is a good opportunity for American merchants and manufacturers to make their products better known in Brazil. Among other things a demand for agricultural machinery has been especially mentioned.

Better Than Spanking.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

A WONDERFUL POSTER

As a substantial evidence that Lithography is making rapid and wonderful strides the above cut is reproduced. It represents a new 24-sheet poster, measuring 106 inches in height and 238 inches in length, designed and executed by the United States Lithograph Company—the famous Russell-Morgan Print—of Cincinnati. It is Lithographed in 6 colors, pure gold bronze forming the background, and is said to be the most expensive and dignified poster ever placed on the bill-boards. This is the first instance in which gold bronze has successfully withstood the weather. The poster represents Mr. Charles B. Hanford surrounded by the numerous characters he has played, and is receiving much admiration for its beauty and artistic instructiveness.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.
You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burbans Testifies After Four Years.
G. B. Burbans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
