MAYOR JOHNS RETURNS

Mayor Johns returned from Washington Friday night, and has a good word to say for the federal district and its possibilities, according to the Baker City Democrat of Sunday. That there will be a judicial district with a full complement of officers, that is, a judge of the Second district, clerks, marshal, etc., we need not expect, but Mayor Johns together with Mr. Murphy says the committee will grant us a district court of the United States sitting at Baker City, presided over by Judge Wolverton, and his corps of court officers. If the city will accept this measure for the present, as modified, he thought such a bill would be passed at this session.

The mayor said that the committee was very much interested in what they had to say regarding distances and the time consumed in travel from this city to Portland and they (the committee) were very much interested in the showing made as to this phase of the case, and indicated that it was an important element in determining them to consent to the sitting of a federal court in Baker City twice a year.

The mayor said that Senator Fulton had twice introduced and caused to be passed through the senate a bill creating a new federal district located at Baker City, and in his opinion was sincere and loyal in his support.

Mayor Johns spoke with some heat regarding the knockers in Baker City citing the fact that this was the only city in eastern Oregon for which there had been secured an appropriation for a federal building site. This was secured by Congressman Moody, for whom the knockers of Baker City took off their coats to defeat.

He said Baker was the only city in eastern Oregon agreed upon in the senate bill as the seat of the federal district, and this was accomplished through the efforts of Senator Fulton, that there were 14 dominating men in the United States senate, and Senator Fulton was one of them.

The efforts made to change the site of the federal building will have no effect whatever, the matter sent from here to Washington was misleading and really showed that the present site for the federal building was in a swamp. This has had no influence whatever in the plans of the government, which are now being prepared for the building and for which the estimates will be completed by April 1 and the contract likely to be let not later than June.

The Public Library.

While in the east Mayor Johns went to New York and had an interview with Mr. Carnegie's private secretary and received the assurance that Baker could secure the further sum of \$2500 for the new building upon proper showing that will be required and the details of which Mayor Johns will lay before the council. He was interested in the statement made to him that Mr. Carnegie has been interested in the building of over two thousand libraries throughout the world.

The Ladies.

I want to say that there is no comparison between the ladies of the east and those of Baker City. I attended a family ball in the hotel where a number of congressmen and their wives were stopping, and I must say they did not compare with our Baker City ladies either in healthful appearance or in dress.

Politics.

I was introduced to President Roosevelt by Senator Fulton and had a pleasant chat of half an hour with him.

Taft.

I once thought that Secretary Taft would be the nominee for the republican party. I am not so sure of it now as I was. In fact, I have no idea who will be the nominee.

A Word for Mr. Murphy.

Mr. Murphy was of inestimable value to me in the work he did before he arrived in Washington, having had to visit a number of cities en route for the purpose of gathering support for the bill from men whose influence he was advised to secure. I heard from his work all along the line, and after his arrival in Washington he gave me most valuable support and assistance.

The mayor looks hale and hearty and has the appearance of having had

no unpleasant experiences to mar the tranquility of his mission, and after the discussion he had with the committee having the matter of the federal district in charge, he is satisfied the committee is ready to give us a court for eastern Oregon business.
