THESE GREAT MONEY-SAVING PRICES LAST BUT SIX MORE DAYS, AND IT WILL PAY YOU TO COME BEFORE THIS GREAT SALE CLOSES. COME EVERY DAY.

THE FAIR LA GRANDE OREGON

DENUDE FORESTS

Chicago, March 17.—One of the most important reports presented to the convention of the American Railway Engineering and Maintenance of Way association, opened here today, was that of the sub-committee on the future policy of the railroads in refer-

OPPOSITE FOUNDRY

ence to the tie supply. It is declared that the demand for ties has now reached a point where it threatens to utterly denude the forests of America. In part, the report says:

"The number of ties used annually for renewal and construction purposes by American railway companies has been steadily on the increase for a number of years, and this increase has been going on at such a rapid rate that during the last year some 118,000,000 ties, more or less, were used for renewal alone. This enormous number of ties represents a serious drain upon the forest resources of the country. Attention has been called to the decreasing supply of standing timber by numerous writers for some 15 years or more, and especially so during the last five years. Warnings have been issued from time to time, calling attention to the fact that unless something is done the railroads would be confronted sooner or later with a serious problem as to where they were going to get a supply of ties. While these warnings have been increasing in insistency, very little, if any heed has been paid them. This has probably been the case not because the railroad companies did not realize that there was a rapidly decreasing supply of timber available for tie purposes, but is due to the fact that in spite of the decreasing supply no special trouble has been

experienced by any company in getting the requisite number of ties at fairly reasonable prices. During the last year or two, however, this condition has changed very materially. Prices of ties have gone up with startling rapidity and, in many instances, it has been almost impossible to obtain the necessary number of ties of certain kinds of wood and of certain quality, even where the highest prices were paid for them."

As a remedy for this condition, the committee suggests a more economical use of the timber now being used for tie purposes, the establishment of forests by the different railroad companies for growing new trees, and the importation of ties from abroad.

Leading railroad officials from all over the United States, Canada and Mexico are in attendance at the meetings, which will last three days. The sessions are being held at the Auditorium hotel.

Ordinance No. 373, Series 1908.

An ordinance authorizing the mayor and recorder to purchase belting for operating the pump at the city water works.

The City of La Grande Does Ordain as Follows:

Section 1. That the mayor and recorder of the city be, and they are hereby authorized and empowered to purchase from the Graton & Knight Manufacturing company, 69 feet of 16-inch double leather belting, first quality, center stock, which shall be fully guaranteed by said company to do the work required of it, at the agreed price of \$2.67 per lineal foot, delivered to the city of La Grande.

Sec. 2. That, inasmuch as it is necessary to have said belting purchased at once, and in order to preserve the safety of the inhabitants and property of the city, an emergency is hereby declared to exist, and this ordinance shall be in full force and take effect on and after the 18th day of March, 1908, and after the approval thereof by the mayor, and its publication for one issue in the La Grande Evening Observer.

Passed the common council on the 16th day of March, 1908, by 5 members voting therefor.

Approved this 17th day of March, 1908.
M. K. HALL, Mayor.
Attest: D. E. COX, Recorder.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. A. T. Hill.

Prize Waltz Dance.

There will be a prize waltz dance Wednesday night at Harris hall. 3t

The La Grande Evening Observer delivered at your home each evening, Sundays excepted, 65 cents the month.

Money Supports the Home

and it needs a steady influx of it to maintain the household and keep it going. To be sure of that steady flow of money, it is the best plan to bank the savings so that you will know where to reach them in time of need. For "rainy days" come to the thriftiest of us at times, and it is well for us if they find us prepared. Bank your surplus cash with us now, and you will have the pleasure of knowing that it is not only secure, but earning good interest.
